LOCAL

John Doyle was sentenced to 30 days in jail for larceny.

Charles Buckly is under arrest and his trial set for Monday. He is charged with assault with a deadly weapon.

The D. & R. G. will run an excursion to the Royal Gorge on next Wednesday. Short Line and Midland both run excursions to Cripple tomorrow.

A strong flow of gas has been encountered in the Atkinson well being sunk for oil north of this city. There is enough gas to run the engines.

The body of W. E. Smith was found yesterday in Prospect lake. Smith had evidently drowned himself. He is the man who escaped from St. Francis hospital, where he was taken after the physician had pronounced him insane.

County commissioners let the court house painting contract to the Cowgill Edwards Wall Paper and Paint company for $7,000.

A ranchman living eight miles east of this city reported that 14 of his horses were killed by lightning in Thursday's storm.

STATE

Mrs. Ernest Crawford of Victor was seriously injured in a runaway accident yesterday.

Rains and snow have added materially to Victor's water supply.

MINING

The first payment of $200,000 has been made on the Granite mine near Victor. The purchasers are Tull, Penrose and McNeill of the United States Reduction company.

The bulk of trading was confined to Josh, El Paso and Portland. Elkton went to 30 cents, which brought out many buying orders. The other two stocks mentioned showed more strength.

The Magnolia Mining and Tunneling company has lately been organized in this city to work property in Boulder county.

A new plant of machinery and a compressor have been installed at the Accident mine on Gold hill by Stewart McDougal.

An option has been given in London on claims on the Squaw Gulch Gold Mining company's property.

The ore shoot recently cut in the Blue Bird on Bull hill promises to be permanent, a drift of 136 feet having been run on the ore.

The Detroit Mining Co., working the Dolphin, is producing a long [illegible] Bull hill.

Shipments of [illegible] tons of [illegible] ore were sent out this week from the Gleichmann Bros. on the Bull City Tracy.

A regular production is coming from the Empire State [illegible] any's property on Bull hill.

NAMES SELECTED FOR NEW NAVAL VESSELS

By Associated Press.

Washington, July 18.—The navy department announced today that the two battleships to be built under the authority of the last naval appropriation bill are to be named the Louisiana and Connecticut and the two cruisers the Tennessee and Washington. The battleships will cost $4,412,000 and the cruisers will cost $2,558,000 each. The tugs authorized by the act are to be built, one at the Mare Island yard and the other at Boston.

Admiral Bowles has prepared an elaborate plan for keeping the accounts in connection with the cost of the Connecticut in such order that when she is finished comparisons be made between the respective cost of building ships in government and private yards.

CURRAN SAYS ROADS SHOWED BAD FAITH

By Associated Press.

Chicago, July 18.—Another strike of the freight handlers of Chicago may be ordered tonight. President Curran of the Freight Handlers union has issued a call for a mass meeting of all the freight handlers in the city to be held at that hour to take action on the refusal of four railroads to reinstate all the old men.

Mr. Curran said tonight that he regretted having to take this step, but was compelled to do so. He claimed that when the settlement was made it was agreed with Frederick W. Job, chairman of the state board of arbitration, that all the old men were to be taken back when the strike was declared off. This, he says, the Santa Fe, Rock Island, Northwestern and Illinois Central railroads have not done and unless they shall do so before the meeting Sunday night another walkout will be ordered.

"The first four railroads have broken faith," he said, "because the reinstatement of all the old men was one of the things that Chairman Job promised on behalf of the company and now they will not come in and put the men back. I am ready to say, that the freight handlers are more than ever to be [illegible] to stand by the men, and if we [illegible] men [illegible] in [illegible] a man [illegible] and [illegible] will [illegible] if [illegible] it [illegible]

[illegible] ANS [illegible] ANTHRACITE MINERS

Recommendations of President Mitchell Were Referred to a Special Committee—What the Strike Costs.

By Associated Press.

Indianapolis, July 18.—At the conclusion of a secret session which lasted the entire afternoon the recommendations of President Mitchell for the management of the anthracite strike were referred to a special committee which is to report back to the convention which meets tomorrow morning. This committee consists of President Mitchell, Vice President Lewis, Secretary Wilson and the president of each district which is taking part in the convention.

The committee remained in session until midnight when it adjourned without completing its work. It will reconvene at 9 o'clock tomorrow morning. While its task is unfinished it is practically certain that the committee will urge the adoption of the recommendations of President Mitchell and the levying upon the members of the union an arbitration assessment of $1 per week where there is no check office and of 10 per cent per week in localities where there is a check office. It was also decided to use all the funds to be raised for the strikers in the anthracite district.

At the opening of the executive session, Vice President Lewis took the floor and delivered an energetic speech on the amendment offered by Delegate Jaskins in the morning, to the effect that the fund to be raised for the benefit of the anthracite miners be extended to all of the striking miners where their strike has been sanctioned by the general organization. He declared that he thought all of the miners should be taken care of in like manner.

President Mitchell then took the floor to speak for the adoption of the recommendation made in his speech of yesterday. He told the convention that the strikers in West Virginia and elsewhere were being protected by the general organization under the regular assessments of the union, but that the assessment which was under discussion was necessary for the support of the anthracite strike alone and should not be diverted from its purpose.

"It is possible that other strikes may come," he said, "and then under the arrangement which a general distribution of the fund to be raised would create, those latter strikes could claim their shares in the fund, and it would be so depleted as to fail entirely of its purposes."

He declared that the cost of maintaining strikes varied according to places and conditions.

"In the anthracite regions," he said, "the country is thickly settled. There are mills and factories, and it is possible for the men on strike to secure employment. They are thus no burden on the general organization, but are even able to help it. In West Virginia, for instance, there are but two vocations for the miners—mining or farming. The latter is out of the question for the greater part of the men if not for all of them and they then have no chance for employment when on a strike. It costs much more per capita to keep up a strike in West Virginia than in the anthracite regions. The anthracite strike is, in fact, the cheapest strike that we can have. It is easier to maintain than any other and we should not allow it to go down to defeat by diverting the funds necessary for it."

Mr. Mitchell assured the convention that the strike in the Pittsburg district and all other strikes would be looked after without splitting up the fund for the anthracite men, and again urged the men to dismiss from their minds all thought of a general strike. His remarks were greeted with enthusiastic cheers. A vote was taken on the Jaskins amendment and it was voted down by a decisive majority. This left before the convention the original motion for the adoption of the recommendations of the president. A number of amendments were then offered, all relating to the manner in which the assessments should be made. One by Mr. Ryan of Illinois favored 10 per cent of the net earnings of the members of the union; another by Vice President Lewis, 10 per cent of the gross earnings and a third, by Secretary Wilson, suggested that in some districts the assessment should be made on the percentage basis of $1 per week. These were all pending when Secretary Wilson offered an amendment that the matter be referred to a committee made up of the three highest officers of the national organization and the presidents of the districts represented in the convention. This prevailed and adjournment was taken until tomorrow morning at 10 o'clock.

At the conclusion of the session Secretary Wilson said:

"It will cost $500,000 weekly to support all the men now on strike in the various districts. An assessment of $1 per week will bring in $250,000 a week. This will leave us $250,000 to raise each week from outside sources and from the promises and offers that have been made to us we are confident we will be able to do this."

[illegible] CAUSE LOSSES OF [illegible] MILLIONS TO FARMERS

By Associated Press.

Keokuk, Ia., July 18.—Heavy rains in central Iowa yesterday and today are sending a flood down upon prosperous Missouri farmers which will ruin many of them and cause losses aggregating, at a conservative estimate, two and one-half million dollars. There seems to be no hope tonight for the country between the Mississippi river and its Missouri bluffs between Keokuk and Hannibal, 300 square miles, mostly planted to corn with some thousands of acres of wheat in the shock. The water had touched the danger line the first of the week and had begun to recede when heavy floods started again in the Des Moines, Skunk and Iowa rivers. With a stage in Des Moines river only three feet below the tops of the great levees the river began to rise three inches an hour at its mouth here today, continuing until the safety was wiped out this evening. A rise of one and a half feet in a short time this morning at Ottumwa and a further rise throughout its length below the Capital city was prevented from running out freely by a rise of a foot and a half at Davenport last night, increasing and coming down rapidly.

This afternoon the observer of the weather bureau at Keokuk sent telegraphic warning to all points south to prepare for danger. The crest is expected here Saturday or Sunday. The Egyptian levee which stood the flood fell receding after strenuous efforts to hold it, including the destruction of farm houses to secure lumber for strengthening the dyke, is only a slightly above the water now and the coming flood in the Des Moines will top it easily. This will let the water into hundreds of square miles, the whole the lake of Alexandria, Mo. The inundation there are preparing for an over flow of the entire town to a depth of several feet.

The corn crop in the flooded districts is a mere [illegible] that is in the shock will be a total loss, the farmers losing all their years work. Grain [illegible] say the foreign [illegible] state of [illegible] and [illegible] the figures of [illegible] at [illegible] between [illegible] and [illegible] [illegible] believed [illegible] there is [illegible] to $36,000,000 [illegible] Henry [illegible] there [illegible]

PRESIDENT YET AT SAGAMORE HILL

By Associated Press.

Oyster Bay, N. Y., July 18.—Arrangements were completed partially last evening for former Senator Hill, who came to Oyster Bay, to spend the night with William Sheehan, to meet the president at Sagamore Hill, but it was found impossible to fix upon a time that would be convenient to both. Senator Hill returned to New York early today without meeting Mr. Roosevelt.

The president passed the morning at Sagamore Hill transacting some routine business with Assistant Secretary Loeb. Early in the day he callers of importance visited him, although two former members of Mr. Roosevelt's regiment rode out to pay their respects.

The reported engagement of Miss Alice Roosevelt to Lieut. Robert Sterling Clarke of New York, a son of Mrs. W. Fred Corning Clarke, is emphatically denied by authority of the president. Miss Roosevelt has not even a personal acquaintance with Lieutenant Clarke.

This afternoon the president and Mrs. Roosevelt, accompanied by some of the children, went on an old-fashioned picnic, taking a lunch basket. They returned to Sagamore Hill about 6 o'clock, their trip having been without special incident. The president passed the evening quietly at his home, nothing of official importance being received.

Transcontinental Passenger association held its final sessions here yesterday. Colonist on Pacific coast rates and other subjects were discussed.

"Cinderella" matinee at Cripple Bours this afternoon.

[illegible] MEN AND PRESIDENTS

[illegible] among These Were the Federal Catholic Federation.

By Associated Press.

Indianapolis, July 18.—Tomorrow morning the convention will be informed by the Colorado delegation that the miners of that state have voted to give $50,000 to the cause of the striking miners. It will be available at once.

ADMIRATION FOR BOERS

Expression of Hope for Independent Republic in South Africa—Words of Love for Pope Leo XIII—Urged Study of Irish History—Favored Higher Education for Catholic Young Men and Women—Monument for Irish Hero of Revolution.

Special to the Gazette.

Denver, July 18.—"Well, I would like to know why it is that a paper published 80 miles away can get a complete report of an address when the local editions here fail to contain it," said Secretary Bree this morning as he picked up the last edition of the Gazette, and saw the only complete report of President Keating's address to the convention which was delivered yesterday at 2 o'clock. "It certainly speaks volumes for the enterprise of your people." Mr. Bree's wonder was echoed by all present, and those in attendance were not slow in realizing the completeness of the Gazette's report, and as a result hundreds of copies were bought by the visiting delegates and forwarded to their friends in eastern cities.

Special to the Gazette.

Denver, July 18.—The convention of the Ancient Order of Hibernians was given over to the consideration and adoption of a number of important resolutions today. Probably the most important one was regarding the Catholic federation. The convention did not vote to as a body affiliate with what is termed the "Catholic society," but a resolution was adopted which allowed each local Hibernian organization to affiliate with the other societies of their communities if such a move was deemed advisable. The convention went on record over the Boer war as follows:

"We record here our unfaying admiration of the gallant struggle made by the people of the South African republic in their late contest with the government of Great Britain for the preservation of their liberties and their homes, and we rejoice that in the final outcome of the struggle the tyrannical government of Great Britain was obliged to sue for terms of peace, and grant to those valiant people everything for which they contended save and except their absolute independence, which, in the providence of God and the all-pervading influence of American ideas of liberty carried by the zealous Irishman, to every spot on earth, must at no very distant date result with the establishment of an independent republic in South Africa, based on the proposition that all just governments derive their power from the consent of the governed.

"The Church.

"We pledge anew our humble submission to our holy mother church, and our unswerving faith in her teachings. . . . By her precepts we are led to the greatest fidelity to government, love of home and sense of moral duty, and under her wise guidance we shall ever strive to attain to a loftier type of American citizenship.

"Leo XIII.

"Tender, loving reverence to his holiness, Leo XIII, most sweetly majestic figure of his time. Under his wise administration of the chair of Peter, signally blessed by the most cordial relations between church and people, whose oft expressed interest in the cause of suffering humanity has endeared him to the hearts of all mankind."

Under a resolution headed "Press and Publication," the Appleton Publishing company is criticized because in one of its editions it does not give the Irish people the credit they feel is deserving, and because they claim it gives an unjust representation of their state.

"Study of Irish History.

"We urge again upon our people to place within the reach of our children opportunities for the study of Irish history. If we cannot call upon the outside world to take much interest in a matter so vital to us, we very confidently expect our own people to enter into the matter with some degree of interest."

The resolution cited William Gladstone in which he stated that the history of Ireland was a most interesting history to study. Under the subject "The Gaelic League" they say: "In accord with the recommendation of the national president, we declare our interest in the work of the Gaelic League, and hereby authorize the national board to pay the officers of the league in Ireland to be expended in districts in Ireland where Gaelic is now spoken, the sum of $2,000."

"Higher Education.

"We favor the establishing of high schools, colleges and schools of manual and technical training, for the Catholic young men and women. We believe that the work of primary education should be supplemented, and attended in the same Catholic and Christian atmosphere as that in which it was begun.

"Army Armament.

"We are in perfect accord with the sentiment of St. Paul's great protégé Archbishop Ireland, uttered at the banquet lately given by the friendly Sons of St. Patrick in New York to the French delegates when he said, 'I charge you, sons of St. Patrick, to see to it that in Washington City near the monuments of Lafayette and Rochambeau, there be erected a monument to an Irish soldier to commemorate the part Ireland took in the revolutionary war.' We name as an Irish soldier worthy of the honor, Captain Jack Barry, the father of the American navy, and pledge our support to the movement. We hereby appoint the national board and the state president of the order a committee to advocate the project. We ask the members of the order in the United States to urge upon the several congressional representatives the passage of the bill recently introduced into the house of representatives by Congressman Driscoll of Syracuse, appropriating $25,000 to that purpose.

"Death of Mrs. Patterson.

"Resolved, that this convention of the Ancient Order of Hibernians have heard with regret of the great sorrow that has befallen Hon. T. M. Patterson, the junior senator from Colorado. The loss is Denver's, because of the fine character, kindly, charitable and humane deeds of the deceased lady. We sympathize with Mr. Patterson in the nearer way, because blood cries to blood, and heals, though not of our faith, of our kin and kind, and honored son of our race."

Resolutions were also introduced thanking everyone connected with the convention and its successful progress in Denver and the resolutions closed, thanking the Ladies Auxiliary for its magnificent work and pledging the support of the order to the auxiliary in the future.

The main part of the morning session of the Hibernians was spent in discussing the question of having a board of organization. After long debate it was decided to have a board of four who are to receive a stated compensation for their labor. An invitation was extended to Bishop Matz to sit on the platform during the convention. All the visiting and local clergy were invited to attend. The committee on finance and military reported and the convention then took a recess.

The question of the presidency is still hanging in the balance, the friends of all three candidates, John A. Ryan of Massachusetts, James Dolan of Syracuse and Patrick O'Neill of Philadelphia claiming the victory for their respective candidates. Two prominent delegates from Pennsylvania, Mr. John T. Keefe, who represents 180,000 men in the order, and Thomas J. Callahan, one of the highest elected delegates to the convention, in discussing the question of presidency was strong in the belief that Mr. O'Neill will be a successful candidate. This question will be definitely decided tomorrow.

The committee appointed yesterday to confer with the Hibernians on the question of having an advisory board for the auxiliary which shall sit in joint session with the national directory, occupied the morning session of the Ladies Auxiliary in a body, and in the greatest good nature. Entire unity now exists between the Ancient Order of Hibernians and the Ladies Auxiliary. This probably means that the women have given up the idea for a separate national organization and that the compromise of the advisory board on women was decided upon by the committee of the Ancient Order of Hibernians. The regular session was devoted to the reading of hearing the reports of committees and adopting the [illegible] of a private [illegible] which were adopted [illegible]

JOHN A. RYAN.
State President A. O. H., Massachusetts, who is a candidate for national president. He has the support of a solid New England delegation.

[illegible] BEAN STATE [illegible] REVIVES A GREAT [illegible]

[illegible] Agents [illegible] Raise—Mandamus Against the State Officers.

Special to the Gazette.

Denver, July 18.—The resignation of Brady, and the evident fact that other federal removals are to be made, and that the Wolcott-Stevenson machine has been effectually broken down has given a great impetus to Republican politics. Men of standing and influence who have heretofore kept aloof from participation in active politics are now coming to the front for the various offices. The Wolcott-Stevenson incubus that weighted the party down and cast the black shadow of defeat over every effort of disinterested Republicans has at last been lifted, and their power inside the Republican party has been forever broken.

The "Insurgents," under the leadership of the Gazette, have done a splendid fight and for the past two days, ever since Brady resigned, the Gazette has been the most talked about and the most highly complimented paper in the state. The gang knows the Gazette never lets up of a moment in its fight, and the "Insurgents" have had an abiding faith in the courage, wisdom, and good faith of the Gazette fight from the beginning.

There are other members of the gang just as odious as Brady, who are more cunning, who will be driven out of positions and power in a short space. Some of these gangsters are trying to bolster themselves up under the cloak of being next to the state chairman, and they boast that they control him, and that therefore, they will control the next state convention. Well posted people know this is not true, and that Chairman Fairey is determined to have no slate for the convention, and they believe he will not be controlled by any boss, and particularly by none so petty as these creatures.

An affair of one of these gangsters which was recently pending in the Public courts, and which has caused no little scandal, is now being discussed in Denver political circles, and that affair will undoubtedly injure the Republicans if the gangsters are not allowed to retire to the rear ranks for the campaign.

The most encouraging feature to the Republicans, however, is the number and standing of the candidates for the principal offices.

A. B. Seaman and Frank C. Goudy are candidates for the United States senate.

James H. Peabody and [illegible] Newell are candidates for governor, and there is a strong sentiment [illegible] of nominating Harry Dawes [illegible] Townsend is here [illegible] supreme judge in [illegible] and he has [illegible] for four years [illegible] he would not listen to the [illegible] for a moment, but many [illegible] remember that will be run for [illegible] on both occasions of his election a few years ago believe he would be a very strong candidate for governor.

Charles Cavender of Leadville is also quite prominently mentioned for the governorship, and many Republicans believe he would be the strongest possible candidate.

William Scott Lee of Denver is talked of by the conservative business men as an ideal candidate for this year when the Republicans must make a business men's fight.

For congressmen at large at evoked candidates are James W. McCleary of Greeley, and Franklin B. Gow of Colorado Springs.

McCleary has been a state senator for three different terms and has been one of the best lawyers in Colorado. He is one of the best and most able men in the state. For many years upon water rights and kindred subjects of any lawyer in the United States.

With the federal government starting upon a policy of aid to the arid west in the irrigation bill, McCleary's friends argue that his nomination would be of invaluable service to Colorado. Mr. McCleary comes from a [illegible] sugar county, and there would be no question about his loyalty to the sugar industry. The [illegible] of McCleary will undoubtedly be [illegible] back in the state convention.

On the other hand, Gow of Weld county has done still a great deal for the party. He has a strong following, and he is considered a strong candidate by many other counties outside of El Paso, which, of course, will be solidly for him. Mr. Brooks is also an able lawyer and an accomplished politician.

For congressman in the First district the two avowed candidates are [illegible] W. Bonynge of Denver, and H. [illegible] Churchill of Greeley. There are [illegible] dark horses in the northern district. Bonynge and Churchill are of about the same age, and both are very able young men. The general opinion is that neither one could be elected this year. Mr. Churchill is chairman of the Republican committee of Weld county, and under his brilliant leadership the party achieved a notable victory. For many successive years the fusionists had ruled Weld county by large majorities, but last year the Republicans swept the county back into line by an average plurality of 1,000.

The Republicans of northern Colorado feel very grateful to Churchill, and being a long-headed and able politician he has a good chance to carry off the congressional plum.

Bonynge has powerful backing in Denver, and he made such a splendid race two years ago that many Republicans feel that he is entitled to another chance.

In the Second congressional district, H. M. Hogg of Telluride and Col. H. F. Browne of Aspen, are the avowed candidates.

Hogg made a gallant fight and a magnificent race two years ago, and as he develops, this the first strong [illegible] for that campaign.

Colonel Browne is a very strong political and convincing speaker, and would have the united support of large mining interests in the [illegible] district.

[illegible] Tedman of Grand County is a candidate for [illegible] [illegible]

[illegible] Rice of Granby are prominently mentioned for state treasurer.

New candidates are [illegible] every day, and the Republican state convention promises to be the most interesting [illegible] of the party.

No Brown hotel caucus or [illegible] holding coterie will be able to control the convention, and there is a growing conviction that every candidate will have a fair and [illegible] chance for a nomination.

Chairman Fairey of the state committee, and Chairman Lowry of Arapahoe county committee have pledged themselves against caucus rule in the forthcoming conventions.

REPRESENTATIVE BALLINGER CRITICISES STATE [illegible]

Special to the Gazette.

Denver, July 18.—Representative Ballinger of Park county who is called "the father of the state board of assessors," is in the city looking at the cracks in the political fences of both parties, and adding some knowledge of what is being done toward cinching them. In speaking of the affairs of the state, he said:

"It is my opinion that the attorney general made a grave mistake when he recommended that the state assessor should congregate with the corporations under the 1901 revenue act. I believe that they should have been made to pay their taxes the same as everybody else. It is not fair to raise the taxes of private individuals and of corporations alike and then recommend that the [illegible] be bulldozed into accepting a compromise with the corporations, after the private individuals have paid their [illegible]

"If the counties accept a compromise it will go hard with the [illegible] forces this fall. The present [illegible] was pledged to collect an equitable revenue tax, and the [illegible] general should have contained a [illegible] for the payment of all taxes as provided for by the bill of the last session.

"I am in favor of the new Democratic state assessor, Judson [illegible] for reelection. I think [illegible] this is the one move that can be made that will guarantee a fusion [illegible] assembly next year.

"At present I myself am not a candidate for anything. I am not sure whether I shall be this fall or not. If I should come to the Fourteenth general assembly, I [illegible] work for the adoption of a constitutional amendment [illegible] state may build [illegible] control its own [illegible] corporations and such [illegible] kindred nature as I may deem necessary. I believe [illegible] effective way to [illegible] have been [illegible] years, but to no [illegible] best way to solve [illegible] the state [illegible] connection with [illegible]

"This of course is a [illegible] but you will [illegible] strong [illegible] favor of a [illegible] vocate by the [illegible] will see that [illegible] with the [illegible] safety. Justice of the [illegible] country in Colorado [illegible] never secure a [illegible] man."

Winner to a dance and [illegible] that hotel tonight. [illegible] at the afternoon session [illegible] decided to endow a chair of [illegible] Today collected [illegible] for that purpose. Mrs. M. [illegible] Detroit, Mich., was elected [illegible] of the chair of Celtic [illegible] Lyman A. Pike of Ayer, [illegible] Sheridan of Connecticut, [illegible] is of Maine and [illegible] which [illegible] with the [illegible]

[illegible] CAUSE WAS NOT [illegible]

W. E. Smith Found in Prospect Lake

The body of W. E. Smith was found yesterday morning floating in the waters of Prospect lake by Robert Sharp. The last named went to the lake about 5 o'clock for the purpose of catching some fish and discovered the remains at a point about 40 feet from the west border thereof. He secured a boat and towed the body to shore and at once notified Coroner Law. The latter removed the body to the morgue, where it now lies awaiting instructions as to its disposal. The corpse shows no marks of violence and there is no question but what the man committed suicide.

Smith is the man who escaped from the custody of his nurse at St. Francis hospital last Wednesday night while temporarily insane, clad only in a night shirt and a pair of trousers. From the time of his escape from that institution until the body was found yesterday morning no one saw the unfortunate man and it is supposed that he went to the lake and wading in, deliberately drowned himself. This theory is undoubtedly correct, as when found his trousers were rolled up to the knees, showing, apparently, that on reaching the shore of the lake he had made deliberate preparations to enter the water.

Among the man's effects was found a bank book with the name of a Lincoln, Kan., bank printed across its cover and Coroner Law at once telegraphed the news of Smith's death to the officials of that institution. Yesterday afternoon he received a reply from there which reads as follows:

"Wire particulars of death. Relatives will advise regarding disposal of body."

Later a telegram came authorizing that the body be embalmed, and stating that friends are on the way here to take charge of it.

A letter found among Smith's effects indicates that he has a sister who resides at Lincoln.

Mr. Smith was 50 years of age, weighed about 200 pounds and from the appearance of the body was a man of magnificent physical strength.

The facts concerning Smith's actions in this city are too well known to the public to require more than brief mention. He arrived here last Tuesday evening and registered at the Antlers, but did not occupy the room reserved for him. On Wednesday afternoon his peculiar actions attracted the attention of the police and he was taken to the city hall, where he was examined by Dr. Richardson, who decided the man was mildly insane and ordered his removal to St. Francis hospital. Shortly before 11 o'clock Wednesday night his dementia assumed a violent form and jumping from his bed he ran from the building and met his death in the waters of the lake.

Yesterday Coroner Law made a careful examination of the unfortunate's effects which resulted in disclosing the fact that Smith was on his way to Pueblo when he stopped off in this city Tuesday. This is shown from baggage checks found in his clothing, denoting that his trunk had been checked through to that point. A return coupon for his ticket home also reads Pueblo. The bank book referred to shows that the deceased had on deposit in the Lincoln National bank the sum of $295 and the texture of his clothing would denote that he was a man of some means.

Smith was arrested by Officer Scofield at the instigation of Mr. Brown of the Cahn Lumber company, from whom he purchased a lot located on Institute street, valued at $1,100 and one on Walnut street, valued at $900. To bind the trade he presented a check on the Colorado National bank of Denver for $100 and one on the First National bank of this city for $41. At the time Mr. Smith secured the option on the lots his peculiar actions attracted Mr. Brown's attention and he at once communicated with the Denver bank. The officials of that institution stated the check on their bank was worthless and Mr. Brown notified the police of the occurrence, stating to them that he believed Smith to be insane. His arrest followed, the examination into his mental condition proving absolutely that his mind was unbalanced.

It was also learned that Smith went to a clothing house in the city and purchased $30 worth of clothing for which he gave a check. He left the clothing at the store. He bought a bicycle in the same way and also rented a house.

His actions while under the supervision of Dr. Richardson and the police were erratic in the extreme. He at first told them he had been in Denver, where he had dissipated very hard and later told them he had never been in that town. When asked about the checks he had passed he replied: "What checks?" He then told a rambling story about his doings in this city and when he attempted to repeat it under the questioning of the police told an entirely different tale.

Dr. Richardson states that the man was doubtedly insane and wholly irresponsible for his actions at the time he examined him.

Booth to Speak Here

Ballington Booth, the famous son of the founder of the Salvation Army, and himself the organizer of the Volunteers of America, is coming to this city. Word has been received that Commander Booth is to arrive here on July 31 and will be accompanied by Brig. General Fielding, in command of the northwestern territory. A meeting will be held that evening at the First Baptist church when both of the speakers will be heard.

Commander Booth organized the Volunteers in 1896, and the movement has had a great success. There is a local post in charge of Capt. J. D. Zeneke.

CITY COUNCIL MEETING

An adjourned meeting of the city council was held last evening and a small amount of detail business was transacted. The specific purpose of the meeting was to discuss the question of the stone to be used in the construction of the front of the new city hall. Nothing was done however as Alderman McIntyre, chairman of the committee on public grounds and buildings, stated that she committee would have nothing to offer on the subject until next Monday evening at the regular session of the council.

H. C. O'Brien was granted a license to run a burro route in Cheyenne canon. The sum of $500 was transferred from the maintenance fund to the tabulated fund, on the written request of the city auditor.

The plat of the Hastings addition to the city was accepted and the meeting adjourned until Monday night.

ART OF SINGING

Free testing of voices daily for lessons in solo singing. Italian method of placing the voice in upper register. Invaluable to sopranos and tenors. Also contralto and bass voices broadened and enriched. Unusual opportunity for first-class instruction at summer rates. W. D. Malle, instructor, formerly teacher of singing at Chicago Conservatory and pupil of Signor Garcia. Studio 109 North Tejon street.

Straw hats and summer suits at cost at Rippine's big clearance sale.

COLUMBUS KNIGHTS TO LEADVILLE

A council of the Knights of Columbus will be instituted in Leadville on Sunday, and as was the case upon the exemplification of the third degree of the order in this city last Sunday, a large number of members are expected to attend from all over the state.

About 20 from this city, headed by Grand Knight John M. Harlan, expect to leave today via the Colorado Midland for the Cloud city. Work will be done on three degrees, the first and second being conferred by teams from Colorado Springs and Pueblo and the third by Deputy Supreme Knight John H. Reddin, and a select staff from Denver.

ART NEEDLEWORK—Special sale of Battenburg designs for doilies, centerpieces, door panels, collars, etc., 5, 10 and 15 cents. Room 151, the Antlers.

NOTICE.

The undersigned will sit, in accordance with law, on each week day from July 17 until August 1, 1902, between the hours of 9 to 12 o'clock a. m. for the purpose of hearing any and all objections to the assessment rate of El Paso county for 1902.

A. J. Strachan, County Assessor.

Art Needlework.

Embroideries, lace, stamping, designing. Lessons 50c. Miss Brooke, the Antlers.

Spa Water

A special drink at our fountain just to be sociable. Others drink it if they want something cooling. Our egg drinks are served anywhere all comers in town—by the yard. If you are skeptical, "drink, be not afraid," and be convinced that we know HOW soda water should be served.

Insanity Due to Nervous and Mental Troubles.

PAINE'S CELERY COMPOUND

The Great Tower of Safety and Rock of Health in the Hot Weather.

Nervous diseases when aggravated by mental disturbances produce more cruses of insanity in the hot weather than at any other season of the year. Nervous headache, nervous dyspepsia, sleeplessness and chronic constipation induce depression of spirits, extreme weakness, morbid fears, despondency and languor; from these, dread insanity comes slowly but surely.

Nervous sufferers have a dread of hot weather. Finding themselves deeper in the pit of misery than they were in the spring and early summer, they are in utter despair.

There is hope for you, dear reader, if you are one of the sufferers. You stand in need of Paine's Celery Compound, that great builder of the nervous system. Its vitalizing action commences with the first bottle you use. The volume of blood immediately increases in the arteries, and the body is fully fed and nourished. Your appetite becomes regular and natural, the nerves and brain are strengthened, and you have impulses of health that cheer the soul.

This remarkable remedy will truly meet your case and give you a new life; it will lay the foundation for happiness and long years. We counsel you to try this marvelous summer health-restorer at once, and enjoy the blessings of health.

Said and Done

The party was gathered around the Soda spring at Manitou and it was between cups of the delicious drink that the conversation occurred. That they were all strangers was evident. It was a tall fellow with a long black coat and a broad black hat who spoke. He did it with a soft drawl that proclaimed "Texas" to all the world.

"The nicest girl that I have met this summer in Colorado is from the Lone Star state, sah. She is stopping up here at the City."

"That is all right, pard," put in a fellow from Missouri who needed to be shown, "but there is one of the cleverest girls at the Parker house this summer from Kansas City that ever came over the Pike."

"I am stopping down at the Mansions this year, gentlemen, and I am from Chicago," put in a spruce looking fellow who talked fast and gulped soda as if he did not have time to finish the cup before tearing himself away. "I come out here every summer and I generally manage to meet the nice people. The greatest crowd of girls that ever tripped in a Manitou ball room is right there now, at the Mansions. One of them is a queen, clever, accommodating and popular with everyone."

"Here is a nickel, boy; give me a glass of the water," remarked a large man who had just stepped down from a The Pass carriage. "Speaking of clever and popular girls, have any of you been up at the Ramona at Cascade this summer? No? A Kansas beauty is lodged there this year that you better keep away from if your heart is not on fast because she will steal it."

"Brothers," asked a clerical looking fellow who came up from filling a jug at the spring spillway, "are you discussing the Gazette's contest for the most popular young lady summer visitor? If so, I wish to state that up at the Glen Park Chautauqua, where we are all staying, there will be a candidate who will have votes to spare when that contest is off. She has charge of a part of the Sunday school work, and verily, she will look well this fall when she gets back home to New Jersey driving in that stanhope."

"Rats, but you fellows is slow! Say, I work for the coke road and I go to all the Colorado Springs hotels every day," roared a fellow who had just gulped a pint of the sizzling drink. "There is the warmest bunch of female loveliness gathered at the big town this summer that you ever saw. If you think that the pretty girls at the Antlers, the Alta Vista, the Alamo, Plaza and Elk are going to let that phaeton slip away without a good hard scrap, then you are away off. I hear them talking and I know there will be a contest. Take a clever girl who is getting subscribers to a popular paper and votes run up pretty fast."

The first list of names will be printed Sunday morning for the most popular girls.

Maybe the above conversation did not occur, but the way the summer folks are all talking it might happen any minute.

"I have got to go back to St. Joe rather suddenly," said Percy E. Chamberlain, the bright young newspaper man, last evening. "Mr. Gaylord sent for me, although I have not finished my time. But they need me and that settles it. We all like it down there first rate. You know that the force on the St. Joe Gazette is made up largely of Colorado Springs people. We have a regular colony of them, and there is a great struggle every day to get the Colorado Springs papers first and read the news from home. St. Joe is two or three times bigger (in population) than Colorado Springs, but I guess we have some Colorado newspaper tricks that they were not onto. They are getting used to us now and they are taking a liking to us. Mr. Gaylord is building up a fine paper and is doing well. We have to compete with Kansas City and St. Louis papers, but we are doing it all right. J. C. Stuart is the managing editor and is making a fine reputation for himself. Mr. Tingle, formerly with the papers here, is our business manager, Miss Hill is the society editress, "Parson" Hasking reads the proof and Ed Gaylord and Dick Loper are in the business office. Tell any Colorado Springs people who happen down that way not to forget that the latch string is out and something doing at the Gazette office."

The widest possible publicity should be given to the fact that summer diarrhoea in children, and cholera infantum can always be cured by the judicious use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails. When reduced with cold water and sweetened it is pleasant to take, which is very important when a medicine must be given to small children. For sale by all druggists.

25 per cent off at ladies' shoes and oxfords at Robbins's big clearance sale.

See the Spider-Stanhope to be given the most popular lady visitor, displayed in window of E. W. Davis Carriage company, 114 N. Tejon st. Tel.

LAST PERFORMANCE OF CINDERELLA

The second performance of "Cinderella" was given at the Opera house last evening. If anything it was a better performance than on Thursday night, as the children had become accustomed to the audience. Not so many people were present but that was to be expected.

The singing and dancing of the young people is quite remarkable and demonstrates the ability of Mr. Miller. Among the singers who did exceedingly well were Georgia Sturm and Fern Mummah in "The Lady With the Ragtime Waltz," Ethel Barbee in "The Tale of a Bumble Bee," Edna Purdy and Sylvia Mitchell in "I Certainly Didn't Know You When You First Came In," Elizabeth Womack in "Can You Blame Me for Loving That Man," Bessie Shields in "Maxie," Lillian Price in "My Oriental Queen," Hazel Matthews in "Parthenia" and Clara Humphrey in "Daisies."

Of course Clint Draper and Miss Carlday made another big hit in their act and Russell Barnes and Tom Addison were great in their song, "When I Get Mine." Pauline Pryor played a cornet solo that was a very good feature.

The entertainment will be repeated this afternoon at a matinee. The doors will be open at 1:30 and the curtain will go up at 2:30. The admission fee is 15 and 25 cents for the children. Grown people will have to pay 50 cents. It is an entertainment that all the children should see and a large audience will surely fill the house.

CLOTHES PRESSED

and cleaned on short notice. Orders called for and delivered. Pantatorium, 11 East Bijou. 'Phone 523 A.

The proprietors of the popular and enterprising barber shop of Henry Kranz & Co. have made arrangements to put a compressed air plant in their shop at 106½ East Pike's Peak avenue. The plant has been ordered and will be installed as soon as it arrives.

PERSONAL MENTION

E. R. Griffin is in the Springs on business matters.

Father Edmund of Florence is a guest at the Antlers.

C. W. Zeiger of Oskaloosa, Iowa, arrived in town yesterday.

John T. Quick of Champaign, Ill., is in the city for a short visit.

Hon. N. F. Handy of Canon City spent yesterday in the city on business.

Mrs. L. Bacharach of La Junta is in the city for a visit of several weeks.

Mr. Adolph Schringer and family have moved to their new home, 621 North Tejon street.

E. A. Thayer of the Hotel Colorado was at the Antlers yesterday. Mrs. Thayer was with him.

Mr. Charles Cavender, the well-known attorney of Leadville, was among visitors in the city yesterday.

Clarence Lyman of the Denver Republican, an old Colorado Springs boy, was a visitor in this city yesterday.

Mr. M. F. Fredericks of Grand Junction, a book and stationery dealer of that city, is spending a few day in the city.

Mr. and Mrs. George O. Bacon of Chicago and their daughter, Mrs. William of Boston, are a prominent party at the Alta Vista.

A Boston family party at the Alta Vista is composed of Mr. and Mrs. Henry Peterson, Miss Grace O. Peterson and Miss Janet Ferguson.

Senator Beveridge of Indiana, and Mr. Phillip B. Stewart golfed yesterday for a horse back ride to Manitou Park. They will be gone for several days.

Mrs. George F. Wood of Louisville, Kentucky, is visiting her daughter, Miss Nan Wood, at 210 North Cascade avenue. Mrs. Wood will probably remain a couple of months.

S. Hirsch of the Kansas City Feather company, with Mrs. Hirsch and their son, are stopping at the Alta Vista for a few days, having come to Colorado Springs for a short vacation.

Mr. and Mrs. James H. Manning of Kansas City are guests at the Antlers. Mr. Manning is one of the owners of the Kansas City baseball team of the Western league, and a famous ball magnate.

Mr. W. H. Moreland, the genial cigar man, returned yesterday from an extended business trip through the San Juan country. He reports business good for the popular Schiele Bros. & Moreland brands.

Mr. Percy Chamberlain, sporting editor of the St. Joe Gazette, who has been visiting here for some days, returns home this evening. Mr. Nash Nye expects to accompany him for a short visit.

Mr. Hugh Kennedy and family of Buffalo, N. Y., are at the Antlers. Mr. Kennedy is one of the most prominent iron and steel men of this country. He is closely related to Dr. McKinnie's family of this city.

Mr. J. P. Hall, general agent of the Santa Fe road in Colorado, the man who helps to make the Santa Fe popular with all classes of people throughout the state, was in the city yesterday hobnobbing with railroad passenger agents from the east.

Rev. Edward P. Root of 211 East Uintah street left yesterday for East Hampton, Connecticut, where he will join his family who have been at that place about a month. Mr. Root will be absent until some time in September, and expects to visit New Haven, Bradford and other places in Connecticut, besides places in Massachusetts. He expects to spend some time on the seashore.

SPORTS

AND SPORTING NOTES

NEW PLAYERS HAVE ARRIVED

Lynch an Forman of the American Association.

THEY WILL MAKE GOOD

Players Are Confident the Team Is as Strong Now as It Can Be Made—Baseball Notes.

Two baseball players from the American association arrived in this city yesterday and will be seen on the local diamond today attired in the uniforms of the Millionaires. The men are Frank Forman and Robert Lynch, the former from Kansas City and the latter from St. Paul.

Manager Burns said when he arrived home from his latest trip to the other Western league cities, that he would have some more new players, but refuse to give out their names until they put in an appearance. Lauzen, the catcher arrived the other day and did steady work in his position in the first game he played, and it is hoped that the men who arrived here yesterday will turn out to be good men, too.

Forman has a reputation, anyway. About five or six years ago he did fine work for Indianapolis and then established his reputation by his work for the Baltimore American league team. During this season he has been playing for the Kansas City American association team, and put up an excellent article of ball. When he left Kansas City he had a batting average of .300.

Lynch is doing his first trick in professional ball this season, having been signed by the St. Paul American association people on June 15. He is a college man from Notre Dame university, Indiana, where he was an all-round athletic star. He will probably play second base and may prove to be the "thing" which Big Bill and Mr. Burns have been looking for. He is coming, will doubtless put back the strong-armed Hemp in his old position in center and relieve McNeely from the extra amount of work he has been compelled to do lately. It soun ds familiar to old time fans here to have a "Lynch" on second, most of them remember "Patsy" of the 1889 team. The fact that these new players are back from the American association may have some significance, as several each have "jumped" the Tebeau outfit during the fight with the Western. Anyway, if the men make good, it will be another point scored by the Western managers.

"CARBISON" FINISH

By Associated Press.

Philadelphia, July 18.—With Chicago leading by one run in the ninth inning, two men out and two on base, Shreck for the home team, hit to the left field fence, scoring two runs. Attendance, 4,500. Score:

		R.	H.	E.
Chicago	3 2 0 0 2 0 0 0 0—8	11		2
Philadelphia	1 2 0 1 0 0 0 0 2—7	13		2

Batteries—Callahan and Sullivan; Waddell and Shreck.

"TRANSITION" TEAM LOST.

By Associated Press.

Baltimore, July 18.—The "transition" Baltimore American league team was defeated by St. Louis today after one of the best and most exciting games of the season. The Baltimore team consisted of Gilhert, shortstop; Selbach, left field; Williams, second base; McAllister, first base; Arndt, right field; Howell, center field; Oyler, third base; Drill, catcher; Shields, pitcher. Score:

		R.	H.	E.
Baltimore	0 0 0 0 3 0 0 0 0—3	6		2
St. Louis	3 0 0 0 0 1 0 0 0—4	12		2

Batteries—Shields and Drill; Sudhoff, Powell and Kahoe.

HUGHES WILD.

By Associated Press.

Boston, July 18.—Hughes was wild and ineffective today and retired in favor of Williams in the second inning. The visitors batted Williams at will and made it four straight. Attendance, 4,700. Score:

		R.	H.	E.
Boston	0 2 0 2 0 0 0 0 0—4	10		2
Cleveland	4 0 1 4 0 0 0 0 0—9	16		1

Batteries—Hughes, Williams and Wagner; Bernhard and Wood.

POSTPONED.

TO DECIDE A BET—A bets B that the last St. Joe-Denver game was thrown out and will not count as a game won for Denver. A wins the money. The game was thrown out entirely and like any postponed game, will have to be played over.

AROUND THE BASES

Peoria today.

Game called at 4:45.

Two games will probably be played tomorrow afternoon.

Robinson, the popular second baseman of the Kansas City team, is ill with typhoid fever in Denver.

James H. Manning, one of the owners of the Western league franchise in Kansas City, was a visitor in Colorado Springs yesterday. Manning says that the Western league was never in better shape than it is today.

Catcher Dixon has returned from Pueblo, where he has been taking the baths to get the rheumatism out of his shoulder, which he says is now in fine shape. With Dixon back in the game, Baerwald doing fine work and Hansen, who showed up well in his first trial, the locals are well off for backstops.

Bert Davis, who umpired Thursday's Denver-Kansas City game in the Capital city, is a good ball player, although he consistently refused to go into any of the great baseball leagues. And he has brought out many a good ball player, too. He was in his cigar store the other day in Denver when he was asked where Newmeyer came from. "My boy, do you see that chair?" he said to his questioner, pointing to a seat in one corner of the store. "Harry Newmeyer got his training right there, and a good many other players have been raised up in the same spot, too." If they are all like Harry, Colorado Springs fans hope that Bert will keep them coming along as fast as possible without working the chair beyond its capacity.

TO FINISH CONTEST

By Associated Press.

Glenview Golf Course, Ill., July 18.—Either E. B. Byers of the Allegheny club of Pittsburg or Louis James of the Glenview club, Chicago, will wear the amateur golf championship laurels tomorrow night. These two won their way through the semi-finals today. Byers rather easily, James after an exciting contest, and tomorrow will meet in the finals at 36 holes for the championship. If Byers and James play in the form they showed today the game may not be decided until the home green is reached, though Byers, on account of the marvelous golf he played yesterday when he put Champion Travis out of the running, is perhaps a slight favorite. The game will be played over the first nine holes of the Glenview course, unless the players shall elect to use new holes. The low lying lands, embracing the fair greens to the tenth, eleventh, thirteenth and seventeenth greens, and the greens of the latter two are covered with from two to 10 inches of muddy water, the result of last night's terrific storm. Even the higher ground of the first nine holes is in exceedingly poor condition for play. Nevertheless, the U. S. G. A. officials say the championship contest must be finished.

RACES

AT ST. LOUIS.

By Associated Press.

St. Louis, July 18.—Delmar summary:

First race, five furlongs, selling—Jack Young won, Dr. Kammerer second, Luckett third. Time, 1:06½.

COULD NOT USE TRACK.

By Associated Press.

Detroit, July 18.—The heavy rain of last night made the Grosse Pointe track unfit for racing today, and today's program which was to have ended the Blue Ribbon driving meeting was postponed until tomorrow.

An Interesting Harangue.

"Progressive," up-to-date business methods" and "Kaufman's" are synonymous terms in Colorado Springs. This modern merchandising establishment makes it an inviolate rule to do business along the most approved lines, and in keeping with this custom five years ago they inaugurated a semi-annual clearance sale in their clothing department. Every six months there is a complete reorganization of the department from center to circumference—all the accumulated stock, all the reserve goods, everything in the clothing and furnishing lines, is gone over and repriced. In other words, twice each year an entirely new stock is provided and twice each year the patrons of Kaufman's clothing department are enabled to buy their supplies at materially lower prices than ordinarily, which means a considerable immediate cash loss to the firm, but a decided benefit in new customers and more staunchly cemented friendship with old patrons. Tomorrow the tenth semi-annual clothing reorganization sale begins. A glance at the prices quoted on another page demonstrates the an unusual effort is being made to make this sale the greatest of the series.

ANNOUNCE NAMES ON SUNDAY

The contestants for the Gazette's subscription ballots are to be announced tomorrow morning. Of course, the name of a candidate can be put in at any time hereafter, but the original candidates are going to start out with good lists. The young lady employed by a Colorado Springs firm who receives the most votes in the contest gets a piano, the second candidate in the contest a phonograph and the third a bicycle.

In the second contest the most popular young lady visitor in the city gets a phaeton. The contests will be lively and the starting list is a short one.

ROYAL GORGE EXCURSION
RIO GRANDE JULY 23, 8:30 A. M.
$3.00 ROUND TRIP.

DON'T FORGET THE RIO GRANDE EXCURSION TO ROYAL GORGE WEDNESDAY, JULY 23.

Stop will be made at Canon City to allow visit through the state penitentiary. $3.00 round trip.

Vote for the most popular lady employe. Read adv.

$46.50.

While the Gazette is Republican in national politics it will not stand for gangs or gang rule either inside or outside the Republican party . . . . . .

THE GAZETTE has arranged with the publishers of Conan Doyle's greatest book—"The Hound of the Baskervilles," for its publication in full in the columns of the Gazette in 30 daily instalments. The Gazette has the exclusive right to Colorado for the publication of this great story.

"The Hound of the Baskervilles" is the greatest and most thrilling detective story ever written.

Subscription price of the Gazette is 70 cents per month; $2.00 per quarter; $8 per year.

The Gazette is delivered by early morning carriers in Denver, Pueblo, Cripple Creek, Victor, Altman, Manitou, Palmer, Colorado City and Colorado Springs, and is for sale on all trains and at all leading newsstands in Colorado and the east.

THE HOUND OF THE BASKERVILLES

BY CONAN DOYLE

"This story will stand as a classic among detective stories."—Boston Post.

This book has had an enormous sale in the United States, but there are thousands who have never read it. To all those in Colorado who have not read the book, the Gazette would say that they can get the full story in this newspaper.

No person in Colorado can afford to be without the Gazette during the next three months. Besides this great story, the Gazette runs weekly, every Sunday, the famous

"The Hound of the Baskervilles" will stand as a classic among the Gazette's Sherlock Holmes stories.

Dooley Letter

The Gazette has the best and ablest editorial page in the state; the Gazette has the best Literary, Society and Woman's page of any newspaper published west of Chicago. The Gazette contains more State and local news than any paper published in Colorado; the Gazette has the full

Associated Press Report

for every day in the year, and the exclusive Associated Press report for Sunday.

The Gazette is fair, impartial, clean and high-toned. The Gazette reports meetings and proceedings as they occur.

The Gazette has over double the daily circulation of any paper in Colorado published outside of Denver, and a circulation greater than either one of two of the Denver papers.

Hear What the Press Says of the "Hound of the Baskervilles."

Philadelphia Press: "This is the longest of the Sherlock Holmes stories; it is the best."

Chicago Record-Herald: "In this book we have Sherlock Holmes at his zenith. Never before has he solved so elaborate and engrossing a criminal mystery."

Chicago Inter-Ocean: "His (Sherlock Holmes) admirers—and their name is legion—are in for a pleasing and exciting reading. The same old Sherlock—only more so."

St. James Gazette: "Sherlock Holmes is at his very remarkable best throughout."

London Daily News: "We cannot remember that Dr. Doyle has in any other work shown such consummate technical mastery. The narrative develops swiftly but inevitably; the startling episodes that crowd the pages are introduced without any theatrical insincerity; and the climax is marked with breathless but convincing effect. 'The Hound of the Baskervilles' is absorbing in its interest, whether, and represents we dare not think, the highwater mark of detective fiction."

What Sherlock Holmes Says:

"I tell you, Watson, this time we have to do with a foeman who is worthy of our steel." Sherlock Holmes to Dr. Watson, page 78.

"I feel as fit as quick and supple as any man in London." — Sherlock Holmes, page 71.

"Holmes himself had said that no more complex case had come to him in all the long series of sensational investigations." — Dr. Watson, page 93.

"An extraordinarily difficult case."—Holmes, page 185.

"I told you in London, Watson, and I tell you again now, that we have never had a foeman more worthy of our steel."—Holmes, page 199.

"It has been an exceedingly difficult and intricate case, and I am not ashamed to confess that it has_____ me_____."—Holmes, page 206.

"One of the most singular and fantastic_____ of my_____ lives." Holmes, page 215.

"I said to_____ London, Watson, and I say it again now, that we have yet have work_____ to do_____ a more dangerous man than_____"—Holmes, page 221.

After Being Followed for 125 Feet in the 1,100 Foot Level It Promises to Be Permanent—Trachyte and Last Dollar Both Producing Heavily.

Special to the Gazette.

Cripple Creek, July 18.—The Blue Bird on Bull hill is another Cripple Creek property at which a good body of ore is being developed at a depth greater than 1,000 feet. In the 1,100-foot level at the Blue Bird a fine ore shoot was cut recently, and now a drift has been run for a distance of 125 feet on the ore. The ore shoot seems to be permanent, and carries good values. No effort is being made at production at this property, but each week a carload of screenings saved in development work is marketed. As soon as a larger hoist is installed, the work of breaking ore in the 1,100-foot level will be commenced.

The Practical Leasing company, operating on the Trachyte on Bull hill, has been maintaining an average production of 10 tons of ore each day for the past week. Machine drills will be installed next week, and a larger production will be made. The ore shoot has been cut on the 300-foot level, and machine drills will be started on the stopes as soon as connections can be made.

The Last Dollar property on Bull hill is now marketing about 800 tons of ore each month, or about 30 tons daily. A good portion of this ore is smelter grade, and is treated at the Pueblo smelters. Quite a little development work is being done on the property.

A shipment of 50 tons of 3-ounce ore was sent out early this week from the Glorietta lease on the Hull City placer. The work of extending the lower levels is still in progress, and the management is keeping the development work well in advance of production. The Cripple Creek Mining company, operating the main workings of this property, has resumed operations with a full force. The damage caused by the recent cave-in has been repaired, and regular shipments will be resumed next week.

McFarland & Coveny, operating on the Pharmacist on Bull hill, have granted three sub-leases during the week. The lessees are making a good production from their own workings and during the week marketed three carloads of $40 ore.

A regular production of 300 tons of ore is being made each month from the Empire State company's Bull hill territory. This production has been made for the past five months, the ore coming from the old Orphan Belle workings. The shipments from the Empire State this week will amount to four carloads.

A plant of machinery has been installed at the Clinton lease on the middle block of the Golden Wedge claim of the Mary Jane company on the west slope of Raven hill. The lessees have a good showing in the bottom of the shaft, and have installed a 30-horse power electric hoist. The new plant will be started up on Monday.

Mercer & Knute, the well-known Bull hill operators, have purchased the Ogilvie lease on the Anaconda company's Gold hill territory, and started up this week with a small force men. The lessees have ore in sight, and the force of miners will be increased as fast as practicable.

D. H. Bruce has again taken hold of block seven of the Cameron School section. Mr. Bruce is one of the oldest operators on this section, and has met with fair success. After the shaft on block seven is drained, regular mining operations will be started.

[illegible] MAGNOLIA MINING COMPANY SELECTED

The Magnolia Mining and Tunneling company is the name of a mining company recently organized in this city. The company is to operate an old well-known property in the Magnolia mining district in Boulder county. The holdings are composed of the Graphic, Graphic Extension, the Golden Eagle and the Golden Scepter claims, upon which a tunnel has been driven some 800 feet by the former owner, W. J. Fairhurst. The property has produced over $30,000 to date and is now being developed actively by new machinery installed in the last three months by the new management. The plan of development as outlined by the company's officers is being pushed forward as rapidly as possible.

The company is organized under the laws of the state of Colorado with a capitalization of $1,500,000, divided into 1,500,000 shares of $1.00 each. The large treasury reserve of 1,000,000 shares has been set aside for future use.

The incorporators are Carlton Aylard, teacher in the public schools, Edward L. Mason, principal of the local High school, and Oliver E. Collins, secretary of the Colorado Springs school board. The seven directors are as follows: Dr. D. P. Mayhew, Edward Reeter, F. M. Kendall, Carlton Aylard, E. L. Mason, and O. E. Collins. The directors have elected: E. L. Mason, president; O. E. Collins secretary and treasurer, Carlton Aylard, manager of the mine and Karl G. Schuyler, legal advisor.

[illegible] GRANITE MINE SALE COMPLETED

The final payment of $200,000 has been made on the Granite mine in the vicinity of Victor. The purchasers of the property are Messrs. Tutt, Penrose and MacNeill, officers of the United States Reduction company. An option was taken by them some three months ago and since then they have been operating the mine, and although it will be several months before the option expires, the developments warranted the taking up of the bond, which practically amounts to $450,000. This does not embrace all the interests in the property, but approximately 40 per cent of the stockholders.

Under the new management the following officers have been elected: Chas. L. Tutt, president; Charles M. MacNeill, secretary and treasurer; Spencer Penrose, vice president; Clarence Hamlin and William P. Dunham of Denver directors.

The property of this company consists of the Granite and the Baby Mine claims, containing a fraction over 10 acres on Battle mountain. The operations in the mine from the top down to the tenth level are gratifying. The bulk of the present operations are being confined to the lower three levels, where considerable ore is being taken out. The daily output from the mine averages about 45 tons. Every point which is being worked in the mine is yielding ore and the daily production could be increased to as high as 100 tons if so desired. The best showing in the whole property is on the tenth level, where a vein has been opened up that measures six feet across the breast.

GAS IS FLOWING IN ATKINSON WELL

Mr. L. L. Aitch reported yesterday that a strong flow of gas had been encountered in the Atkinson well which is being bored some five miles north of this city in the search of oil. The volume of gas is strong enough to be used as fuel under the boilers of the machinery. This gas, as strange as it may seem, comes from a bed of hard shale at the depth of 1400 feet. This is as far down as the tools have been driven. Connections are being made by piping with which the flow of gas can be utilized under the boiler and today steam will be kept up by that means.

The officers of the company are highly pleased with this indication and will be well pleased with the flow of gas if it will continue, even though no oil is encountered, for gas in commercial quantities so near to the city as this would be even more profitable than a low gravity oil.

The flow of gas encountered on Thursday night was set on fire by the derrick lamps, and the flame extended some 15 feet high. Work was first commenced at this well last fall, and when some several hundred feet was attained a pocket of gas was then encountered. Owing to two serious breaks in the casing no further depth has been obtained, and for a while boring was suspended. A new drill has recently been obtained and operations were resumed about 10 days ago. It will be carried down 2500 feet. So confident are those interested in the company that every time funds have been needed they were forthcoming.

Mining Notes And News

Stewart McDougal, the owner of the Accident mine located on Gold hill has completed the installing of a new plant of machinery and a compressor has been placed at work. A station has been cut at the 100-foot level and the driving of drift is being carried forward rapidly. The ore that is being opened up in this drift is of a higher grade of ore than in any other portion of the mine. The switch from the Midland Terminal is about completed and it will only be a few days before the property will be in shipping shape. The owner of the property intends to make regular shipments from now on.

OPTION OF $150,000 GIVEN TO LONDON MEN.

The Squaw Gulch Gold Mining company has given an option on its property to London people for the sum of $150,000. The company owns about 30 acres of ground in the approved territory which is scattered about in several places. The claims are the Alma, eight acres on Signal hill, Nellie B. and a part of the Bell Plain of about seven acres on Galena hill; the Etessa, four acres near Goldfield, the Park claim of five acres on Gold Quartz hill and the Lone Jack, nine and one-half acres on Gold hill.

LESSEES ON JACK POT SINKING WINZE.

Lessees Putnam and Crump who are operating a lease on a portion of the Jack Pot property are sinking a winze from the 350-foot level, where they are getting better mineral with every shot than that found in the stope. These operators in a very few days expect to cut out from the level below to get the ore they are now finding in the winze. The average value from the shipments that are being sent out by this firm is from three to four ounces to the ton, while some very high grade ore is encountered.

SEDAN-SUNSHINE SUIT IS NEARING CLOSE.

The testimony in the Sedan-Sunshine apex suit has been completed and the jury is to visit the property, so that they may more readily understand the facts as they are presented to them. This case involves the vein apex in which Lessee Killian has mined so much valuable ore. When the jury had examined the property they will be instructed by Judge Steele, and the arguments will follow. The case has been on trial since Friday of last week. Upon the settlement of this dispute about the apex rights it is thought that prospecting and mining in the north end of the district will start up with renewed vigor.

COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, July 18.—The bulk of the trading on the exchange today was confined principally to the three following stocks: Elkton, El Paso and Portland. The opening on Elkton was three cents below the closing price of the day before and although it opened at 32 cents yet it declined still further and one board lot was sold at 30 cents a share. At this point large buying orders were manifested, and some of the leading brokers were bidding for 250,000 shares less. This had a tendency to strengthen the price and at the close the stock was carried up under good bids, and to 31 cents. There was little stock offered for sale at the close while the bidders were most vigorous in their efforts to get more of the stock.

Considerable demand was manifested for El Paso stock. The opening sale was 49 cents, but the strong demand carried the price up to 50 cents by the close.

Portland was considerably stronger than it has been for two weeks, although the net decline was a whole point. Shares to the amount of 2,100 changed hands.

Trading in the preferred and common prospects amounted to 30,000 shares and prices were practically unchanged.

Denver	6,309,284	4.0	
Total, U. S.	$2,285,802,277		5.1
Outside New York	829,748,995	4.9	
Totals, Canada	43,893,924	7.9	

New at Rand.

The season for diarrhoea and dysentery is now on and many are interested in knowing how to get quick relief. There is one remedy that never fails and is pleasant to take. Read what Mr. W. L. Story, of Union, Ala., says of it: "I had an attack of flux (dysentery) which lasted about two days when I got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured by two doses of it." This remedy is for sale by all druggists.

Where Our Servants Go.

There never was such a rush of immigration into this country. More than 100,000 came in last month. For one class of immigrants, at least, there seems to be ample room and an urgent demand. Among 4,300 new-comers landed recently in New York, on a single day, there were 700 Irish girls, of whom Father Henry, of the Mission of our Lady of the Rosary, is quoted as saying that not one was in want of a home or employment. Ninety-nine Irish girls out of 100, who have come here this year, have friends, he says, to go to, and he cannot begin to meet the applications that are made to him for girls for domestic service.—(Harper's Weekly.

Woman's Future Mother's Friend

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the crisis hour with apprehension and dread. Mother's Friend, by its penetrating and soothing properties, relaxes the parts, strengthens and allays unpleasant sensations, and so prepares the system for the ordeal that the process through is almost painless and quick beyond belief. Mother's Friend is sold by druggists at $1.00 per bottle. Write for our book containing valuable information and testimonials from grateful women, sent free.

EASTERN MARKETS

NEW YORK STOCK MARKET.

Report of Ledenburg, Thalmann & Co., to William A. Otis & Co.:

New York, July 18.—The market opened with great activity and generally higher prices, in which all stocks participated more or less. While new high records were made for such issues as Chesapeake and Ohio, Pennsylvania, Fuller, etc., others that were reactionary for the last few days again rose to the figures of the present movement. The same underlying conditions that have prevailed during the past fortnight may be given as accounting for the buoyancy in the market. On the advance there was heavy profit taking but the market absorbed the sales very willingly, and the reactions that occurred during the day were mostly fractional. Call money rates were easy and the expectations regarding tomorrow's bank statement are that the banks will show a gain in cash of about five millions.

Southern railway was a strong feature, selling up close to the high record point. Pennsylvania, Chesapeake and Ohio, Norfolk and W., and B. & O. were strong, while Reading was rather reactionary. Late in the afternoon the local traction and Con. Gas displayed considerable strength at a somewhat higher level. The dealings of the day will probably amount to 1,000,000 shares and appearances indicate that speculation will continue to broaden and should no untowared event occur higher prices are likely to result in the course of next week.

Money easy, closed offered two per cent.; last loan two and one-half per cent.

Lemand Sterling $4.88.

CHICAGO GRAIN & PROVISIONS.

Report of Logan & Bryan to William A. Otis & Co.:

By Associated Press.

Chicago, July 18.—Wheat—Liverpool, 1-8 to 1-4 higher, Paris unchanged to 1-2 higher. Weather map showed generally showery conditions southwest, north and northwest, with the rain particularly heavy throughout the state, Iowa and Nebraska. The same conditions are predicted for the next 24 hours. This gave the market a strong tone. It is however, rather dull in a speculative way with the great majority of local traders in the bear side. The short interest is, we think, quite large. The weather is the keynote in the market at the moment and with further rains we should rather expect a sharp advance. There is a fair cash demand in all markets. Exporters report prices in this country just about on an export basis and a fair business is doing. There is some scattered short interest in this market for July and as the stock now is very much reduced and the old wheat considered valuable for mixing, there is a little ranch to cover shorts. The southwestern grain journal [illegible] crop of Kansas at [illegible] much of it only fit for [illegible] with the animals by [illegible] On the present outlook [illegible] will be made [illegible]

by buying it if the weather conditions favor that side. Bradstreet makes the weekly clearances 3,775,000. The inspection of the arrivals of wheat everywhere poor. A nominally small percentage of it grading contract as compared with last year. Estimated cars 205.

Corn—Liverpool 1-4 higher. Market was very quiet and on the whole steady. The rains are not needed for the growing crop but no material damage is immediately apprehended. There is a fair cash business. Smaller receipts are expected. Estimated cars 415.

Oats—There is evidently a corner in July oats. A scattered short interest seems to be concentrated in strong local hands. With no stocks and small arrivals the position of the shorts does not seem a comfortable one. The heavy rains in this state and Iowa, together with high winds last night, must have damaged oats. The distant futures were stronger on this feature. It is likely to be a weather market for the time being. Estimated cars 105.

Provisions—The market is about steady with indications, however, that the principal holders are disposed to market their property as the opportunity offers. If this surmise is true the provisions ought to be a good short sale.

COTTON MARKET.

Report of McIntyre & Marshall, to William A. Otis & Co.:

New York, July 18.—The improvement in cotton today was entirely due to the continuance of the drouth in Alabama, Louisiana and Mississippi, causing some fresh speculative purchases by local bull and commission houses, which in turn made some of the traders who have been operating on the bear side lately rather nervous. Some covering of shorts by these operators with the buying above referred to, caused a general advance during the afternoon extending from seven to 10 points under the lead of the September option. Although spot cotton was advanced here one and one-sixteenth to nine and three-eighths for middling, the July option was nominal and advanced only five points. New Orleans was a fairly good buyer here during the afternoon which was doubtless owing to covering of shorts and manipulation in July and August there, which advanced those options about 15 points.

We would not be surprised to see further improvement in the July and August options in New Orleans and probably some sympathetic movement here because this is the time of the month when if there are any shorts left in the current options, they are usually made to settle.

Market closed quiet but firm at about best prices.

COPPER LETTER.

Reported by Paine Webber & Co., to William A. Otis & Co.:

Boston, July 18.—There was a slight improvement in the buying demand for coppers today. Traders seemed to feel that the Amalgamated dividend question out of the way, it will be easy to start the coppers along with the rest of the market. Almost every day that is being published on the copper situation is bearish. The fact that prices hold steady in spite of all this proves the situation is strong.

The Cotton Market.

By Associated Press.

New York, July 18.—Commercial Advertiser's London financial cable says:

Yesterday's stock market condition was repeated today. Stocks generally were dull and idle but Americans were buoyant and above parity throughout with the exchange leaning on the idea that the bituminous miners have refused to join in a sympathetic strike. Norfolk & Western was in great demand, prices rose in short supply and was bought by New York. Southern Pacific was also wanted. The activity is still professional, but they are [illegible] usual summer [illegible]

Americans increases that in Kaffirs diminishes.

Canadian Pacific was good despite the decrease in traffic returns for 10 months.

Money Market.

By Associated Press.

New York, July 18.—Money on call steady at 2½@3, closing offered at 2½. Prime mercantile paper 4 1-2@5.

Sterling exchange firm with actual business in bankers' bills at $4.87 7-8@4.88 for demand and at $4.85 3-8@4.85 1-3 for 60 days. Posted rates $4.85 and $4.88 1-2@4.89. Commercial bills $4.84 3-4@4.85 3-4.

Bar silver, 52 3-4. Mexican dollars, 41 1-2.

Bonds—Government steady; state inactive; railroads steady.

Metal Market.

By Associated Press.

New York, July 18.—The foreign prices of tin showed a reaction of 5s from the advance of yesterday, spot closing at £128 15s and futures at £123 5s. Locally the market was steady in tone and 10 points higher, this also being in contrast to the earlier feeling on the day previous. Several tons spot sold at $28.87 1-2, with the market closing at $28.85@29.10. In copper there was no change of importance. London was quoted at £83 2s 6d for spot and £83 5s 3d for futures. The local market ruled easy with electrolytic up to $11.90@11.95, but other grades as last given. Sales of 250,000 pounds electrolytic for July and the first half of August delivery were reported at 11.90. Standard, spot to August, closed at $11.35@11.65; lake $11.95@12.05 and casting at $11.75@11.85. Lead was unchanged in the home and foreign markets quoted at 4 1-2 here and at £11 5s abroad, and was steady in tone. The London price of spelter remained at £19 2s 6d. Locally the metal was advanced 1-8, closing firm at 5 3-8 with a good demand reported. Iron abroad was unchanged, Glasgow closing at 58s 6d and Middlesboro at 51s 1 1-2d. The local iron market ruled firm though more or less nominal. Warrants were not quoted.

Coffee Market.

By Associated Press.

New York, July 18.—Coffee, spot Rio steady; No. 7 invoice 5 1-4; mild quiet; Cordova 8@11 1-2.

Chicago Cattle Market.

By Associated Press.

Chicago, July 18.—Cattle receipts, 2,000. Steady; good to prime steers, $7.75@8.75; poor to medium, $4.50@7.50; stockers and feeders, $2.50@5.25; cows, $1.50@5.75; heifers, $2.25@6.25; canners, $1.50@2.50; bulls, $2.25@5; calves, $2.50@8.50; Texas fed steers, $4@6.

Hogs receipts, 11,000. 5 to 10c higher; mixed and butchers, $7.20@8.20; good to choice heavy, 7.85@8.25; rough heavy, $7.35@7.75; light, $7@7.95; bulk of sales, $7.70@8.05.

Sheep receipts, 8,000. Sheep active and higher; lambs steady; good to choice wethers, $4@4.75; fair to choice mixed, $2.75@3.75; western sheep $2.50@4.60; native lambs, $3@6.50.

Denver Live Stock.

Denver, July 18.—Cattle—It was an off day at the yards this morning, as there was not even an old cow arrived for the market and the only trading done was on some warmed-over half-fat stuff of very common quality. There was very little change in the fat cattle market this morning—certainly no advance in prices. While there is a good demand at this point for choice fat steers they must be of good weight or the buyers will pass them up, as they have been receiving so many half-fat cattle the past month that they do not want them at any price. The quality of the cows which have been constituting the bulk of the offerings on this market for the past few days have been of very common quality, and as a result there has been very irregular trading, with values anywhere from steady to 25 cents lower than a week ago. There was but much improvement in the stocker and feeder market today, and if anything prices were forced lower on the medium and common stuff. A small bunch of feeders sold this morning for $3.10, but they were light in weight and of very common quality. Good heavy feeders, which will require but a short feed, are in demand, and will bring good, steady prices, but those half-fat kind, of which there seems to be an over supply, are not wanted at any price.

Hogs—There was no new feature to the hog market this morning. Receipts were fair and the market opened about a nickel higher, but there was nothing good enough on the market to bring the top, as the highest price paid was 7.85, while the bulk sold at from $7.80 to 7.85. Eastern markets are reported a shade higher.

Sheep—There were no fresh receipts this morning, consequently there was nothing doing on the market. While there is a fair demand here for good fat sheep, the market is inclined to be rather quiet, and is expected to continue so for some time to come. Eastern sheep markets are reported to be growing better, with prices seeking a higher level.

Big Figures.

100,000,000 bottles of Perry Davis' Painkiller sold in 60 years. Just think! Nearly enough placed end to end to reach around the world. What other remedy can boast such a record of services to humanity in curing stomach and bowel complaints and the many other ailments and accidents constantly occuring even in the most careful homes. There is only one Painkiller, Perry Davis'. Beware of imitations.

$7.50 buys a $10.00 or $12.00 summer suit; $9.75 buys a fine $13.50 or $15.00 suit; $12.50 buys a fine black unfinished worsted at Robbins's big clearance sale.

"ANYTHING WE RECOMMEND SUCCEEDS"

The block of 25,000 shares of Iowa Mining and Development Co. stock offered July 1st was over-subscribed 15,000 shares in 36 hours after being opened by local people in Prescott and Jerome, Ariz. We now offer 25,000 at 25c per share till Aug. 15th. We agree to sell this stock at 50c after Oct. 1st.

Dr Price's Baking Powder Cream

Improves the flavor and adds to the healthfulness of the food.

LADIES ASKING FOR DR. PRICE'S, CHICAGO.

NOTE.—There are imitation baking powders sold cheap by many grocers. They are made from alum, a poisonous drug, which renders the food injurious to health.

Colorado City News

OFFICE—Tribble's Jewelry Store, 414 Colorado Avenue.

COLORADO CITY, JULY 19, 1902.

BRIEF CITY ITEMS

Dr. Harriman, osteopath, 418 Colo. Av.

BORN—Mr. and Mrs. O. E. Allen are the happy parents of a son, born Thursday evening, at their home on Jefferson street. The young gentleman's name will be Cassius M. Allen.

ICE CREAM SOCIAL—The ice cream social given last night at the home of Mr. and Mrs. L. C. McCrory on Colorado avenue, was well attended and it is understood a good sum of money was realized. The social was given under the auspices of H. M. S.

A NEW RACER—Dave Sponsiller has placed a fine racing mare which he bought some time ago. The mare was purchased from a stock farm near St. Joe, Mo. and is a thoroughbred. Mr. Sponsiller will proceed to break her at once and will later enter her in some of the state race meets.

GOOD LECTURE—Dr. F. G. Tyrrell's lecture at the Christian church Thursday evening entitled "Sleepy Heads," pleased a large audience and every one voted it to be one of the best that has been heard in this city for some time. A good sum was netted for the benefit of the church. Dr. Tyrrell will occupy the pulpit at the Christian church tomorrow morning and will speak on the subject of "Privileges not Duty."

BALL GAME SUNDAY—A ball game is scheduled for tomorrow at Rott's park between the employes at the Midland shops. The ripsack men and the men in the coach department will contest for honors and the game promises to be an interesting one.

BOER LECTURE—A good-sized audience was present in the W. C. T. U. hall last night to listen to the lecture by Adjutant H. C. DeRoov on the Boer war. Adjutant DeRoov took up the Boer side of the war and gave a very good description of the Boers and South Africa before and during the late war with England.

ESCAPED BAD ACCIDENT—A bad accident was narrowly averted yesterday afternoon during the shower. Several vehicles were standing in front of the Spot Cash grocery, in one of which was a little girl. When the hail began to fall, the horse attached to the carriage became frightened and started to run but was stopped by Floyd Shuter who ran out from the grocery. As it was, the carriage collided with a trap belonging to Lathe Thompson, a salesman for the Morse Commission Co., and broke several spokes out of one of the wheels.

PERSONAL MENTION

Mr. Tenney of Rocky Ford, is here visiting friends for a few days. Mr. Tenney may decide to locate here.

Mrs. Comstock of Longmont, who has been visiting Mr. and Mrs. J. F. Walters for the past week, has returned home.

C. W. Palmer of Victor, is down for a few days to visit his family. Mr. Palmer is in business in Victor but his family reside here.

Mr. F. Boyle, who has been laid up with rheumatism, is able to be out again and attend to his duties at the store of the Boyle Furniture Co.

Prof. Frank Burhorn and mother have returned to their home in Pueblo. Prof. Burhorn and Mrs. Burhorn are well pleased with Colorado City and may make this city their home in the near future.

Mr. Stubley, who has been visiting G. W. Ott and family for the past week, has returned to his home in Glasco, Kansas. Mrs. Stubley did not return with her husband and will remain here for several weeks yet.

THE STRENGTH

Of a financial institution is based largely upon its available assets, proper management, good name and volume of business. Measured by these standards, The Assurance Savings and Loan Association of this city, stands deservedly high. Its assets were increased from $113,089.31 in 1900 to $168,768.27 in 1901; it has been actively in business for eight years without incurring a material loss; its character for integrity has never been questioned, and the volume of its business has nearly doubled during each of the last two years. Depositing members of the Association receive from four to eight per cent annual interest, according to the nature of their deposits.

ELITE GROCERY

WHY?

The Rock Island Route

BECAUSE The service is the best that money and experience can provide.

BECAUSE BUFFET LIBRARY CARS, which add so much to the comfort of the traveler, as well as luxurious Pullmans and free reclining chair cars, are attached to its trains.

BECAUSE OUR DINING CAR SERVICE IS THE BEST IN THE WORLD. Morning and evening meals a la carte; delicious mid-day luncheons, table d'hote, fifty cents.

Very Low Rates

Have been placed in effect this summer by The Rock Island Route: ONE FARE PLUS $2.00 DOLLARS, ROUND TRIP; LIBERAL CONDITIONS AND LONG RETURN LIMITS.

"THE ROCKY MOUNTAIN LIMITED" (One night to Chicago—two to New York.)

"THE COLORADO FLYER" (For Kansas City and St. Louis.)

"THE CHICAGO NIGHT EXPRESS" Are all magnificent trains and depart at convenient hours.

THROUGH STANDARD SLEEPING CARS TO CHICAGO, OMAHA, KANSAS CITY, ST. LOUIS AND FORT WORTH.

It's no trouble to get anywhere if you start with us. We spare you that.

The Big 4 Road

Ticket Office, 122 East Pike's Peak Avenue.

O. W. ANDREWS, G. P. and T. A.

The News of Manitou

Manitou Branch Office at Grant's Curio Store, 361 Manitou Avenue.

BRIEF CITY ITEMS

MANSIONS—Among the new guests at the Mansions are: I. Israel and J. Steinhart of San Francisco, E. M. McKean of Cleveland, J. E. Taylor of Washington D. C., Mr. and Mrs. Jerome Smith of Boston, William, George and Carl Steinwell of Denver, Edward Bell Moore of New York city, E. P. Turner of Dallas, Winnifred MacKinnon and Rose Johnson of Denver.

FATHER DEAD—Edward Lee, the operator at the D. & R. G., received a telegram yesterday morning that his father had died suddenly at his home in Decatur, Ill., Mr. Lee left immediately for Decatur and will stay till after the funeral.

IRON SPRINGS HOTEL—Clyde Wilbur of Denver, George S. Carvel of Baltimore, Francis Harcourt of Cleveland, William Pasch of Buffalo, and Henry E. Vallner, wife and children and nurse of Davenport, Ia., are making the Iron Springs and the Gog road depot while in Manitou.

CLIFF HOUSE DANCE—The regular weekly hop of the Cliff house was given Thursday evening. Several guests from the Springs were present in addition to a great number from the other hotels of the city. A good time is reported.

BUXTON HOUSE—Among those who are registered at the Buxton house are: Mrs. J. E. Mulligan of Minneapolis, Kans., V. P. Feist of Kansas City, Mo., G. W. Gladding and family of St. Louis, S. M. Pordley, M. C. Lucas, and Powell Jones of Denver, and Miss Lena M. Smith of St. Louis.

NEW SIGNS—The cars on the High Line now carry large and attractive signs giving their destination as the Iron Springs and the Cog road depot. This will no doubt, be appreciated by the tourists who frequently don't know where they are at.

SUNNYSIDE HOTEL—Alex Kerr of Denver, Charles T. Hauber of Chicago, G. W. McCold of Logan, Ia., L. C. Knighton of Guthrie, O. T., Mrs. J. Duggan and family of Chicago, Mrs. L. L. Leonard, Mrs. J. Fitzmorris and three children, and Mrs. C. F. Goeffe and two children, all of Chicago, are new arrivals at the Sunnyside.

CLIFF HOUSE—Mrs. E. P. Holland and daughter of Chicago, William A. Ryan of St. Louis, Mrs. R. A. Long and Miss Lulu Long of Kansas City, E. Wilkins of St. Louis, W. B. Page of Chicago, John Butler of Kansas City, S. Jacobs and wife of Memphis, Tenn., R. E. Weimer of Denver, P. S. Fallon of New York, and M. M. Goodrich of Chicago are new guests at the Cliff.

PERSONAL MENTION

Mrs. M. C. McLean of England, will spend the summer at Sunshine cottage, Williams canon.

Miss Smith and Miss Johanas are spending the summer at Sunshine cottage, Williams canon.

Mrs. Wm. H. Tyler of Birmingham, Ala., has rented one of Mrs. B. Ray Jones' "pagoda cottages" and will spend the summer here.

Mrs. John James Cheeney is conducting a very successful summer school in the new education in music, dramatic art and physical culture. She is assisted by a number of her teachers. She also has a number of private pupils from the different hotels.

RAILROAD EXCURSIONS

On account of the demand of the local offices of the Denver & Rio Grande railroad, the company has decided that it will run an excursion to the Royal Gorge, that wonderfully beautiful part of the road, although it had been the intention not to run excursions of the kind this season.

The excursion will be run next Wednesday, July 23, and the train will leave Colorado Springs at 8:30 in the morning, returning to this city about 4 o'clock in the afternoon. It is planned to allow about one hour to view the scenery in and about the gorge which contains the famous hanging bridge, and some time will also be given for the purpose of going through the penitentiary at Canon City.

There will be a buffet car on the train so that all who wish may get lunch without any inconvenience. Everything will be done by the management to provide for the comfort of the excursionists.

Excursion rates to Green Mountain Falls will be in force tomorrow on the Colorado Midland and a number of people are planning to make the trip. Fifty cents will be charged for the round trip, the rate being good on all trains. A feature of the entertainment planned for the pleasure seekers will be a balloon ascension by Professor Lavan.

Both the Colorado Midland and the Short Line have again announced low excursion rates to the Cripple Creek district. The dates set for the rate are Sunday and Monday, July 20 and 21, and the fare for the round trip will be $2.25 the tickets being limited for the return to July 26. The occasion of the rate is the meeting of the auxiliary bodies of the Ancient Order of Hibernians, who will meet in Victor on those days.

EDUCATIONAL.

MR. Arthur Kew, B. A. (London) tutor in languages and mathematics, 2 Pelham Place.

$60 scholarship in Henager's Business College for sale cheap. Address, Q-114.

MISCELLANEOUS.

AMATEUR PHOTOGRAPHERS.
Would you take your horse to a blacksmith shop to have it shoeed? Certainly you would not. It is just as unreasonable to take your plates and films to those wholly inexperienced and who advertise developing and printing as a side issue. Kodakery is expensive enough (as you know) at best. A poor picture is dear at any price. You can be certain of the very best that can be had if you take your work to Hallam, the Exclusive View Man, 304 E. Pike's Peak ave.

PATENTS—Protect your ideas; no allowance, no fee; consultation free. Est. 1864. Milo B. Stevens & Co., 626 11th st., Washington.

LAWN MOWERS called for and sharpened; work guaranteed. W. S. Russell, 108 E. Huerfano.

PIANO to rent, $3. P. O. Box 888.

WEATHER INDICATIONS.

Washington, July 18.—Forecast for Colorado: Fair and warmer in west; showers in east portion Saturday; Sunday fair and warmer.

Satisfied people wear Ashby's spectacles.

Artistic photos. Emery's Studio, cor. Cascade and Kiowa.

FINED $10—Mrs. O'Hara was fined $10 and costs yesterday in police court. The woman was picked up by the police Thursday in a drunken condition. Sentence was suspended during good behavior.

EAGLE CLUB DANCE—The Eagle club will give another dance this evening at Weber hall. The dances are given every Saturday and Monday nights and the music is furnished by the Fink orchestra.

MAY NOT BE BUILT—It is rumored that the deal between the officers of the state militia and Schuyler Bros. of this city for the building of a state armory is off. The complications are of a business nature and may yet be adjusted.

TAX AMENDMENT—Dr. Frank G. Tyrrell of St. Louis, arrived yesterday and this evening is to address an audience at Perkins hall. His subject is the Australian tax amendment. Dr. Tyrrell entertains as well as instructs. The lecture is free and begins at 8 o'clock.

SUMMER SCHOOL—The enrollment of the Summer school in connection with the Garden of the Gods Chautauqua assembly will begin at Colorado college Monday morning. Secretary Truesdale will be at the college to receive applicants and arrange class enrollment.

LAWN FETE—The Women's auxiliary of the Y. M. C. A. will meet at 4 o'clock this afternoon in their rooms for the purpose of making arrangements for a lawn fete to be held in August. A definite date for the event will be decided at today's meeting.

FREE LECTURE—Dr. Frank G. Tyrrell of St. Louis, will deliver an address in Perkins hall next Saturday night on "The Australasian Tax Amendment," (commonly called the Buck'n bill). Dr. Tyrrell is well-known as a public speaker, having lectured extensively over the United States, being a personal pastor of the Mount Carbonne church in St. Louis, and editor of "Our Optimist." Admission will be free.

MISS CHAPMAN'S FUNERAL—Secretary Day of the Y. M. C. A. yesterday received a telegram from Mr. H. R. Chapman, stating that he would arrive in this city at 5:45 o'clock tonight via the Rio Grande. Mr. Chapman is bringing the remains of his sister here for burial. The lady died in Pasadena, California recently. Funeral services will be held Sunday afternoon at 3 o'clock in the First Congregational church. Friends of the family are invited to be present.

IN THE JUSTICE COURTS

Charles Buchalin will be tried in Justice Ruby's court on Monday morning on a charge of assault with a deadly weapon. Back in a cook at the Savoy restaurant and yesterday morning Buramo involved in an altercation with a waiter employed at the same place. It is alleged that in the course of the quarrel Buchalin seized a cleaver and struck his opponent with it. The fight as stated above occurred in the restaurant which is now run by persons who have in no way any connection with the party who is proprietor of the rooming apartments of the building. The two affairs are separate and distinct in every feature.

In Justice Ruby's court yesterday John Doyle was found guilty of petty larceny and was sentenced to 30 days in the county jail.

A few days ago Doyle stole a kit of carpenter's tools, the property of William Morehead.

FREE DRINKS TODAY

All people on the west side, and all others who chance to be there today and on several Saturdays to come, will receive a free drink of either Manitou water or of Vichy at the soda fountain of Oscar Parker, 731 West Huerfano.

Mr. Parker's soda water is as sparkling and as pure as that in the famous springs at Manitou, but it does from a spring belonging to himself. The Vichy he does not pretend to be the Vichy water itself. It is manufactured by himself, but it tastes, according to all judges of the genuine water, exactly as if it came from Europe. Drop in with your friends and drink all you want.

SPECIAL GORGE EXCURSION RIO GRANDE JULY 21, 8:30 A. M. ROUND TRIP.

NEWS NOTES FROM DENVER

A Bent County Pioneer Is Dead —Moffat Railroad Incorporation.

Special to the Gazette.

Denver, Colo., July 18.—A report from Las Animas says: "Alexander Pitts, a pioneer of this section, is dead. He was a veteran of the civil war and came to Bent county shortly after the war. For many years he conducted a mercantile establishment here. The funeral will be conducted by the Masons."

The articles of incorporation for the Denver, Northwestern & Pacific railway were filed with the secretary of state this morning. The new company is capitalized at $20,000,000, which is divided into 200,000 shares of $100 each. Ten million dollars worth of the stock is preferred and will draw interest, at the rate of 5 per cent per annum. This interest is to be non-cumulative and is to be paid before any interest will be declared on the remaining $10,000,000 of common stock. The incorporators of the new road are David H. Moffat, Walter S. Cheesman, W. G. Evans, Charles J. Hughes, Jr., George E. Ross-Lewin, Samuel M. Perry and Frank P. Olin. The cost of incorporating was $1,010. The directors of the company are the same as the incorporators.

William Gorley, a driver for the Capital Ice company, met with a painful accident this morning. He was placing a cake of ice in a down-town meat shop when the leader he was standing on slipped and he fell. He struck a meat hook which penetrated his thigh and held him there. The proprietor of the shop, together with some of the clerks, after much work, released him. The only way they could get him off the hook was with the use of a block and tackle which is used to hang horses in the meat shop. Gorley lives at 131 Sixteenth street. Blood poisoning is feared.

Attorney-General Post has received a communication from the county commissioners of Ouray, Montrose and Delta counties which states that they will not accept the compromise which he recommends with the railroads over the payment of the 1901 taxes. The attorney-general is of the opinion that the commissioners are making a mistake.

Mrs. Olive Clark, who lives at Nineteenth avenue, near Logan, was slugged and robbed of $10 near her home last night. The assailant struck her in the back of the head with some heavy, blunt instrument. She is in a precarious condition.

W. P. Swallows, a prominent merchant and the postmaster at Kokomo, was killed by a stroke of lightning at his home in that city at 1 o'clock today.

The funeral of Mrs. Thomas M. Patterson was held at 2 o'clock this afternoon from her late residence. Rev. B. O. Aylesworth, president of the Agricultural college, had charge of the services. A large concourse of friends attended, and there were many beautiful floral offerings. The pallbearers were Judge Campbell, Judge Charles S. Thomas, Governor John L. Routt, Dr. J. W. Graham, Mitchell Benedict, William Fisher Mason, Percifor M. Cook and J. D. Whitmore.

The smelter trust has filed its brief in the supreme court in the case of Attorney-General Post against the trust. The attorneys for the smelter claim that the supreme court of the state is not the court where the suit should have been brought.

Denver is threatened with a water famine because of the small amount of snow which fell last winter and as a result, acting Mayor Hover has issued a proclamation calling on all the residents to be careful in the use of water. He orders that lawns be sprinkled between the hours of 6 and 8 in the evening.

GOLDFIELD

Special to the Gazette.

Goldfield, July 18.—Two handsome brick blocks are nearly completed in this city. The new Red Men's hall building will fill a needed demand from the fraternal orders. The ground floor of this building will be occupied as stores rooms and the second floor for lodge purposes. There will be a large hall in the basement for dancing. The Clayton Hardware company's building is also going up rapidly and will soon be ready for occupancy.

Two carloads of machinery of the Detroit mill at Independence were shipped on Tuesday to a mining camp near Durango, where a reduction plant is being erected.

Master Mechanic Joe Purmort of the Golden Cycle has invented a new safety appliance to keep the cage from being hoisted into the sheave wheel. The device is being operated successfully at the Cycle shaft.

Miss Amanda Vaine of Norway, Mich., is here on a few weeks' visit to her father at the Christmas mine.

John Gregor and Mert Meskimen have left for Canon City and from there they expect to go to Oklahoma and Texas to spend a few months.

Water wagons have been in great demand for the past few days, and water has been retailing at 25 cents a barrel.

Members of the Ladies Aid society of the Presbyterian church spent a delightful afternoon yesterday at the home of Mrs. J. A. Reid.

Mrs. Henry Huey of Leadville is here on a visit to her mother, Mrs. Peter Yost, of Summit avenue.

You Cannot See

in your old age unless you care for your eyes NOW, by having them examined by a specialist. If they trouble you, consult me before it is too late. Consultation free. Glasses scientifically adjusted and warranted for years. Prices reasonable.

DR. SCHADT

Specialist on physiological optics. Office, 113 Pike's Peak avenue, in Small's jewelry store. Hours: 8 to 12 a. m.; 1:30 to 6 p. m. Artificial eyes inserted.

NEWS NOTES FROM VICTOR

Rains and Snow Have Added Materially to the Water Supply —Runaway Accident.

Victor Bureau
Colorado Springs Gazette,

Victor, July 18.—The heavy rains of the past 48 hours have added materially to the water supply back of Victor's dam at the base of Pike's Peak. Colorado Springs donated to Victor 1,000,000 gallons of water, but the rains also came to Victor's assistance, adding 2,000,000 more. The rainy season is now on, and this afternoon the district was visited by another heavy shower. The storm was accompanied by severe lightning and thunder, but no damage was reported. While rain fell in Cripple Creek, here the rain came down in the form of snow, and the weather was quite cold. More rain fell tonight. It is reported here that a flood damaged the power plant of the Colorado Electric Power company at Canon City. This company furnishes power to the hoists of a number of different properties in the camp, and this afternoon and evening work at the leases was interfered with owing to a lack of power. This is the first time since the Colorado Electric Power company has been doing business in the camp that its power has failed.

Mrs. Ernest Crawford of Hollywood was quite seriously injured in a runaway near Cameron this afternoon. Mrs. Crawford in company with Mrs. Ellis and the latter's two children were out for a drive. On the Bull hill road above Cameron the horses took fright and ran away. Mrs. Crawford was thrown from the wagon, violently to the ground, and sustained a fracture of the left arm near the shoulder and the loss of several teeth. She was otherwise badly bruised. Mrs. Ellis and children escaped with a few bruises. Assistance was summoned and the unfortunate woman was removed to her home, where the injuries were attended.

A miner named Todd had the forefinger of his left hand badly mashed while at work at the Isabella property this morning at 9 o'clock.

SPECIAL LOW RATE EXCURSIONS TO NEW YORK CITY AND ATLANTIC CITY.

CATTLE KILLED—A rancheman living east of town reported to the police last evening that 14 head of horses were killed by lightning during the height of yesterday's storms. He states that all of the animals were huddled in the corner of a pasture about eight miles east of here and that lightning struck the barbed wire fence, killing them instantly.

PARDONED FRANK JAMES

Ex-Governor A. J. Seay of Missouri has been at the Antlers hotel for several days. Mr. Seay was the governor who pardoned Frank James, one of the notorious Missouri gang, and offered him immunity from punishment for all his crimes if he would promise to abandon his former way of living. There was a price on James' head at the time of from $50,000 to $60,000 and the pardon created a great furore, all over the country. James accepted the offer and settled down as a law-abiding citizen and the state was rid of a great criminal. He has lived up to all promise and is now a well-known shoe dealer of Kansas City.

NEWSPAPER ARCHIVE®

"Beautiful Book of Scenery"

The Gazette of yesterday has this to say of our new View Book:

"One of the most beautiful picture books about Colorado Springs that has ever been issued was placed on sale yesterday. It is called "Colorado Springs and Vicinity." As a souvenir of Colorado Springs and vicinity the book is not excelled. As a thing of beauty each picture is something to linger over, even for one who has long been satiated with mountain scenery."

The book is having an extraordinary sale. We sold at retail considerably more than fifty copies yesterday alone. Some patrons took two and three copies each, or more—and all pronounce it the finest view book they have ever seen. You may distinguish it from other and inferior books by the dainty colored miniature of the Garden of the Gods on the back.

It contains twenty-four full page views of local scenes—mounted by hand. The special sunset and the moonlight pictures by Stevens and the splendid panorama of the Gateway and Pike's Peak are alone worth the price of the book.

Were you to buy this set of views in genuine platinum they would cost you at least $20.

This book (the next best thing) sells at 75c. You will want from one to a dozen. It is for sale in Colorado Springs, you know, only at this store.

CRIPPLE CREEK NEWS NOTES

Deputy Assessor Haas and K. B. Wiley Charged With Soliciting a Bribe.

Cripple Creek Bureau Colorado Springs Gazette.

Cripple Creek, July 19.—Direct informations were filed with the clerk of the district court today by District Attorney Trowbridge against Samuel Haas and K. B. Wiley. Mr. Haas is charged with soliciting a bribe while employed as deputy assessor by County Assessor Lysle it. Mr. Wiley is charged with being an accessory to the crime. The papers were prepared this morning and were sworn to before the district attorney by Charles Q. Ecton, special agent of the Elkton Cons. company. The complaint alleges that Samuel Haas, while employed as deputy assessor, made a proposition to the Elkton company, or its agent, whereby the assessed valuation of the property of this company should be reduced from $75,000 to 50,000, making a reduction in the tax for 1902 of $2,000. This reduction would mean $2,000 less in taxes for the Elkton Cons. company. It is further alleged that K. B. Wiley acted as an accessory to the proposed transaction. The board of county commissioners investigated this matter, and turned it over to the county attorney after the members of the board had been notified by Mr. Ecton. The warrants for the arrest of both Wiley and Haas were served this morning, and later both were released upon $500 bond each, fixed by District Judge Seeds. Both of the parties arrested are well known here, having resided in Cripple Creek since the early days. Mr. Haas states that the proposition to reduce the Elkton company's assessed valuation was made to him by Mr. Wiley. Mr. Wiley has nothing to say in the matter. The bonds for the release of the two men are signed by W. O. Burnside and S. L. McConnell.

A decree was handed down today by District Judge Seeds in the case of I. P. Dorchbach versus Robert Schaffer. The Merchants M. & M. Co., W. H. Anderson, Bertha E. Ford, and Harry M. Swank. The suit involves the title to portions of the California lode, in conflict with the North Star and Schleswig-Holstein lode. The court awarded a portion of the ground to W. H. Anderson, Bertha E. Ford, and Harry Swank, and the balance to the plaintiff.

Taylor Corson, a miner employed at the Hull City placer, sustained a painful injury by a fall while at work today. Corson was standing upon a ladder when he lost his balance, and fell, landing upon his back on a large rock, about 15 feet below. His back was sprained and he was brought to the Sisters' hospital here for treatment.

Thomas Asselhoten was the victim of a peculiar accident at the Wilson property on the Free Coinage company on Bull hill this evening. He was at work at the hoist when in some manner his foot got caught between the wog, and two toes on his right foot were amputated. He was in a dangerous position when fellow workmen rushed to his assistance. He was brought to the hospital in this city for treatment.

In the county court today, Theodore Holland commenced suit against W. O. Temple, to recover $509.68. The case comes to this county on a change of venue from Arapahoe county. The plaintiff bought up several claims against the defendant, and is now suing to recover.

District Judge Seeds has divided the property between the plaintiff and defendant in the case of Terrant H. Bird versus Edith Bird, a divorce suit recently tried and granted in the district court. The plaintiff must pay the defendant's attorney $50, and must also pay the incumbrance on real estate here amounting to $849.11. The defendant is given the title to two lots valued at $2,825, and a piano valued at $250. Mr. and Mrs. Bird are allowed to hold their own mining stock.

The baseball game scheduled for this afternoon between the teams of the Cripple Creek club and the newspaper men was postponed on account of wet grounds. In place of the game, two members of the club's baseball team, Right Fielder Selbach and Pitcher Matlock, ran a 100-yard foot race on Bennett avenue. Selbach won by a narrow margin. The time was about 15 seconds.

In the county court today John Dyer was appointed administrator of the estate of his father, Samuel M. Dyer, recently deceased. The bond was placed at $5,000.

Annie Wauddy was granted a divorce in the district court today from Edward Wauddy upon the ground of non-support and desertion. The parties to the suit are colored.

A mining deed was placed on file today with the county clerk, in which E. J. Lake transfers to J. H. Hereford a one-quarter interest in the Silver Lake lode, No. 14051 for a consideration of $100.

District Judge Seeds will hear motions in his division of the district court on Monday.

At the meeting of the local lodge of Elks tonight it was decided to hold a street fair the first week in August. The Elks tonight it was decided to hold a

DR. SANDS—FEAR WOMAN
GENERAL CRASH FOR PE-RU-NA

[Catarrhal Dyspepsia and Nervous Prostration Make Invalids of More Women than All Other Diseases Combined.]

Systemic catarrh causes nervousness, poor appetite, tired feeling. Peruna cures catarrh wherever located.

LETTERS FROM WOMEN.

Miss Anna Prescott's Letter.

Miss Anna Prescott, in a letter from 216 South Seventh street, Minneapolis, Minn., writes:

"I was completely used up last fall, my appetite had failed and I felt weak and tired all the time. My druggist advised me to try Peruna and the relief I experienced after taking one bottle was truly wonderful.

"I continued its use for five weeks, and am glad to say that my complete restoration to health was a happy surprise to myself as well as to my friends."—Anna Prescott.

Peruna a True Friend to Women.

Miss Florence Allan, a beautiful Chicago girl, writes the following from 75 Walton Place:

"As a tonic for a worn out system, Peruna stands at the head in my estimation. Its effects are truly wonderful in rejuvenating the entire system. I keep it on hand all the time, and never have that 'tired feeling' as a few doses always makes me feel like a different woman."—Florence Allan.

Peruna will be found to effect an immediate and lasting cure in all cases of systemic catarrh. It acts quickly and beneficially on the diseased mucous membranes, and with healthy mucous membranes the catarrh can no longer exist.

Peruna Makes You Feel Like a New Person.

Miss Marie Costa, a popular young woman of Appleton, Wis., and president of the Appleton Young Ladies' Club, writes:

"When that languid, tired feeling comes over you, and your food no longer tastes good, and small annoyances irritate you, Peruna will make you feel like another person inside of a week.

"I have now used it for three years and find it very valuable and efficacious."—Miss Marie Costa.

If you do not receive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Last Excursion Rates Were Discussed

Questions of rates occupied the attention of the members of the Transcontinental Passenger association at their final sessions held at the Antlers hotel yesterday morning.

Colonization was the feature of the discussion and settlers' rates for September and October were agreed upon. These are for second class passage and will be as follows: From Chicago, $33; from St. Louis, Memphis and New Orleans, $17.50; from Missouri river points, $25; and from St. Paul and Minneapolis, $25.

Instructions were given to Chairman Charlton of the association, to notify the officers of the Grand Army of the Republic that if they shall decide to hold the national encampment next year on the Pacific coast, a rate of $60 for the round trip from Chicago will be granted, and of $45 from Missouri river points.

For the purpose of rates, an effort will be made to have the plumbers hold their convention on the coast at the same time that the Presbyterian General assembly gathers in Los Angeles next year. The rates would be the same as granted the Presbyterians on Thursday, that from Colorado common points being fixed at $40.

Last evening the Interchangeable mileage bureau held its final meeting for the purpose of arranging details about the working of the system. This deals with the mileage books which may be used interchangeably on several of the roads, including the Santa Fe, Rio Grande, Oregon Railway & Navigation company and several others as heretofore published.

The association meets every three months and at the close of the session here yesterday morning it was decided to adjourn to meet in St. Louis in November.

The social part of the convention wound up last night with a dance in the ballroom of the Antlers hotel. As many of the railroad men were accompanied by their wives and daughters, and the many guests at the hotel also participated, the ball was largely attended. Music was furnished by the Antlers orchestra and refreshments were served.

A PREACHER'S OPINION

Mayor Robinson deserves the lasting gratitude of all our citizens for his earnest and untiring effort to establish the Garden of the Gods assembly and summer school.

It is an institution that will benefit all classes of the community, giving an opportunity to hear the best talent of the land at a very little cost, that will bring Colorado Springs and vicinity into touch with all the world and is a project far-reaching that cannot fail of the highest results. Not that we need this so much, but that the world at large needs the more to know of the vigor and health-giving climate. Our citizens can do the city no better service than to heartily support this project. It will have an elevating influence in moral tone and incentive.

The school and assembly covers a period of one month and it will eventually bring thousands of the best people of our land to our town every year. The financial benefit will be quite considerable.

Colorado Springs stands high in her educational facilities for her people. She needs this additional institution to round out her position to the full. Therefore the more heartily you give this your support the more you are helping yourself and the community in which you live. I do most earnestly recommend it as institution to the hearty support of our people.

J. W. Finkbiner.

Bunco Men Are Busy in Colorado Springs

For several months past a gang of confidence and sure-thing men, having headquarters in Colorado City, have successfully worked their graft in this community. The victims have been many and their harvest rich. Their latest trick was turned on Wednesday last and the victim was Ira C. White of Des Moines, Iowa. White was a stranger and they took him in to the amount of $48, the very last cent he had in his clothes.

It is the old story of the innocent lamb and the greedy wolf and the methods used to secure the money have been in vogue since the memory of man. Last Wednesday morning White was standing in front of the Mining Exchange building when a well-dressed stranger accosted him and engaged in a conversation regarding the scenic features of Colorado Springs and vicinity. After ascertaining that White was a stranger here an invitation was extended to pay a visit to the reduction works at Colorado City. White was here for the purpose of entertaining, if and he gladly coincided with the proposal of his new-found friend. The man then introduced himself, stating that his name was L. C. Lane, and that his "uncle" was assistant manager of the reduction works. The pair boarded a Colorado City car and when it arrived White was invigled into a room on the representation by Lane that it was his "uncle's" office and that it would be necessary to secure a pass from that gentleman before entrance to the works could be gained. There were two men playing cards in the room and Lane asked for his "uncle" and was told he would return within 30 minutes.

Mr. Lane then introduced his friend, Mr. White of Des Moines," and the latter was invited to join in the game of cards until such time as Lane's "uncle" should return. He demurred at first, but finally consented and the deal was on. Imagine the awfully poor luck and at last all that all his money was gone. He stated, however, that he had a check for $48 and producing it asked one of the men to cash it. One of his "friends" examined the check and said it was perfectly all right but that it was impossible for White to cash it as strange as it may appear, he did not have that amount of money with him. An appeal to the other gentleman also disclosed the fact that he did not have $2,500 lying around loose in his clothes either. Lane in sheer desperation then appealed to his friend, Mr. White of Des Moines, and asked him to let him have what money he had with him. He did.

Mr. White and Mr. Lane then returned to this city for the purpose of getting the check cashed and Mr. Lane lost Mr. White in the shuffle.

All at once a great light overwhelmed Mr. White and he discovered he had been buncoed, so he hied himself to Justice McClelland's court and told his troubles to Constable Radcliff. A warrant was sworn out for Lane's arrest, and Mr. White again went over to Colorado City not, however, for the purpose of visiting the reduction works but for the purpose of seeing Constable Radcliff arrest that mean man, Mr. Lane. They sighted their man, but a bystander gave him the tip and he started to run. Constable Radcliff and Constable Shellenberger, who had joined the party for the purpose of seeing that no one stole White, gave chase, but Lane succeeded in giving the officers the slip and is still at large. The two constables and White then returned to this city and White succeeded in losing himself, and has not been seen since. Thursday night the officers again went over to Colorado City for the purpose of arresting Lane if possible, but he could not be located around his usual haunts, and last night Mr. Radcliff stated that from information he had received he was satisfied that Lane had left Colorado City for either Pueblo or Denver.

CHEYENNE PARK CONCERTS

Rapid work is being done on the installation of the electric light machinery at the new power house of the Colorado Springs & Suburban Railway company, and it is hoped that everything may be in place and connected up in order that a trial may be made tomorrow evening.

If it is found possible to do this the first evening concert by the Midland band at Cheyenne park will probably be given on Tuesday of next week as that will be the first open date the band will have under its present concert schedule.

This afternoon the usual concert will be given at the park from 2 o'clock until 5. Director Irvine has made out a choice and interesting program for the concert and if the weather is fine the attendance will probably be very large. Following is the program:

1. March—"The Tale of a Bumble Bee" ..... Arr. by Mackie
2. Selection—"Mikado" (request) ..... Sullivan
3. Waltz—"Visions of a Beautiful Woman" ..... Fahrbach
4. Characteristic—"Cocoanut Dance" ..... Herman
5. Overture—"The Beautiful Galatea" ..... Suppe
6. Two-Step—"Hail to the Spirit of Liberty" ..... Sousa
7. Selection—"The Serenade" (request) ..... Herbert
8. Hungarian Fantasie ..... Tobani
9. Descriptive—"A Hunting Scene" ..... Hucalossi

Synopsis—The morning breaks calm and peaceful; the huntsmen prepare for the pleasures of the chase; we jump in our saddles and our huntsmen sound a merry blast; the parties join; the road is alive with horsemen; "a hunting we will go;" on the scent; barking of dogs; tally-ho; full cry; the death; we return home.

10. "Ma Rag Time Baby" ..... Stone

COURT HOUSE NEWS

The county commissioners passed a resolution yesterday granting the painting contract on the new county court house to the Cowgill & Fowler Wall Paper and Paint company for $7,000. The contract has not been formally ratified, but this will be done in a few days.

In the county court yesterday Amanda R. Herlihy was granted a divorce from John F. Herlihy on the grounds of non-support.

The jury in the divorce case of Mary Agnes Butler vs. Richard Butler rendered a verdict for the defendant, although he did not personally appear in court. Notice was given of motion for a new trial. Butler has commenced suit in the district court to recover damages for having his wife's affections alienated.

Kate Harrah commenced a suit for divorce from her husband, Neal L. Harrah, on the grounds of cruelty.

MINING DEED—J. L. Storm deeded to Thomas Bowman one-third interest in the Arkansas, Kentucky and Kansas lode claim located in the Cheyenne mining district.

MESA COUNTY FRUIT DAMAGED BY HAIL

Special to the Gazette.

Grand Junction, July 18.—Telephone messages from Whitewater and Kannah creek today say that a heavy hailstorm in that section last night damaged the fruit crop to quite an extent. Some orchards have been entirely robbed of fruit by the storm and many of the growers in that vicinity will suffer a big loss. A hailstorm also visited this city last night and today severe showers have occured, something unusual for this section of the country.

STORY OF LUCK FROM THUNDER MOUNTAIN

Special to the Gazette.

Boise, Idaho, July 18.—A short time ago ex-Mayor W. E. Pierce of this city sent a prospector to Thunder Mountain gold fields. He ran across an ex-convict who had located a claim but had determined to abandon it because he was disgusted with the country. He had been going under an assumed name and wanted to get away from Idaho and start life anew. He gave Pierce's prospector the claim and the latter relocated it for a niece of Pierce, Miss Bessie Barter, a Boise school teacher. On developing the claim an immense body of high grade ore has been opened up. Numerous assays average over $25 a ton and much of the ore goes much higher. The strike makes Miss Barter independent.

POLICE NEWS.

Patrick Livingston was arrested by Officer Williams yesterday on Huerfano's complaint for creating a disturbance. He was released on bond and will appear for trial in police court this morning.

Officer Hall arrested Peter Johnson last evening in North park. A charge of drunkenness was lodged against him.

Robert Allen was arrested by Captain Fair yesterday for being intoxicated.

IN THE VALLEY OF THE NORTH PLATTE.

A great stockraising and farming region.

There is not another spot in the United States that offers greater inducements to one looking for a farm, home, or business location.

Here is a fertile, irrigable valley, with good soil, a congenial climate, and an abundance of water, surrounded on all sides by a great stock country.

The valley is truly an oasis of grain, grass, vegetables, and fruit, in the midst of a land of ranches and cattle, a center of producing surroundings on all sides by consumers. Through [illegible] 100 miles of the valley runs a line of the Burlington route, affording ample railroad facilities.

Land, capable of growing all the ordinary crops, is worth from $[illegible] to $[illegible] an acre, with full water right; without water right, but under irrigation canals, $10 to $15 an acre. Good grazing land can be had for $1.50 to $5 an acre.

If you would know more about this great region, send now for a copy of the new booklet, "In the North Platte Valley." It's full of facts that [illegible] information.

AN EARLY CONVENTION ADVISABLE.

SEVERAL of the leading Republican papers of Colorado, notably the Telluride Journal, are advocating a long state campaign.

They set forth that if the Republican party is to win in the coming contest it must in the first place nominate a set of candidates against whom nothing detrimental can be truthfully alleged, either as regards personal character or political connections. The longer such candidates are before the people, and the better they become known, the stronger they will be. It is also important that there should be a thorough discussion of the political issues now before the people, and that a sufficient opportunity should be given for newspapers and speakers to discuss these matters before the people, and for the people to form an intelligent opinion of them.

The coming campaign promises to be one of the most interesting as well as one of the most important recorded in this state. It is a critical time in our public affairs. These congressmen are to be elected, and in choosing them the people of Colorado will be called upon to decide whether they will exert their political influence in the Republican party in behalf of such measures and interests as concern them, or whether they will continue their past policy of futile and unreasonable opposition as a part of the Democratic minority in congress.

In state affairs there is to be elected the full state ticket, and the people will be called upon to pass judgment upon the acts and omissions of the fusion Thirteenth general assembly and the fusion state officials. Among these is the infamous gerrymander of the senatorial and representative districts. There will also be presented to the people of the state several proposed amendments to the state constitution, some of them of the highest importance, and all of them worthy of serious consideration.

Under the circumstances, the movement for an early convention is entirely proper and reasonable.

The state convention should be held not later than September 1. This will give an opportunity for the people to acquaint themselves with the merits of the candidates, and with the political issues.

Many of the eastern states, with political questions of much less importance than ours, and with a population much more easily reached, have already held their conventions, nominated their tickets, and begun the campaign.

The Republicans of this state should lose no time in getting to work and in making a vigorous and aggressive campaign for the overthrow of fusion domination, the end of fusion misgovernment, and the re-establishment of intelligence and good sense with full control by the people of public affairs, as the leading motives of our state politics.

Colorado is doing itself an infinite amount of injury by straining out of the Republican party, and is in the direct line of every Republican, and of all other citizens concerned for the welfare of the state, to do everything possible to secure first the nomination of the right sort of Republican candidates, and second everything possible to bring about their triumphant election.

The Gazette most heartily approves the position of Mr. Thomas Burns in his determination to put a stop to quarreling and fighting on the baseball grounds of this city. Mr. Burns realizes that there is nothing that will so much bring baseball into disrepute and diminish the interest and pleasure at the games as these unseemly rows. People spend their money and their time to see baseball played and not to listen to threats and abuse or witness the assaults of players and umpire upon each other. The strong stand taken by Mr. Burns will doubtless prove effective and in it he has the support of all local lovers of the game.

A recent number of the Chicago Record-Herald contained an article by the well-known William E. Curtis in which he declares that affairs in Turkey are rapidly reaching a crisis and that some kind of a revolution must take place in the near future. Things have been going from bad to worse and from worse to deeper depths of misery in that country for so long a time that there seems to be no limit to the misery of the people or hope for their relief. If ever a country needed a revolution it is Turkey, and it is to be hoped that Mr. Curtis' prophecy will be warranted by future events.

[illegible] the news from the war department that Brigadier General Chaffee, who has been in the Philippines, will return to the United States [illegible] and will be succeeded in the Philippines by Major General George W. Davis. General Davis has a very excellent record of service in the Philippines, as the leader of the [illegible] in China, and as the leader of the [illegible] Peking he distinguished himself [illegible] and his military [illegible] in addition.

[illegible] Oyama [illegible] Japan [illegible] 1894-95. He is a man of [illegible] and he has proved himself [illegible] do things, and if he [illegible] to build the canal [illegible] via Nicaragua, it is very probable that the canal will be built.

DEMOCRATIC REORGANIZATION.

THERE is a small number of people who vote the Democratic ticket because it is Democratic. No matter what candidates might be nominated, or what principles might be included in the platform, they would still be found within the party ranks. But outside of this comparatively small number, the American voter generally, in the Democratic party as well as in others, is an intelligent and reasonable being who wants to know what and whom he is voting for.

This explains why it is necessary for the Democratic party to accomplish the work of reorganization before it can have any hope of gaining control of national affairs.

In 1896 the Democratic convention at Chicago made a radical departure from the previous political principles of the party. Up to that time the main issue had been the tariff. The failure of the Cleveland administration, and the hard times that had come upon the country made it evident that something new and radical was the only hope for the party. As a result of the situation, Mr. Bryan was able to secure the nomination, and there was written in the platform the doctrine of free silver and the other tenets of what has come to be known as Bryanism. In 1900 Mr. Bryan retained his hold upon the party, and was even more completely defeated than in 1896. The electoral vote in his favor was derived almost entirely from the southern states, the ring-ridden cities of the north, and from those western states in which a fusion upon false issues still prevailed.

The defeat of Mr. Bryan in 1900 was, in the general opinion, conclusive as to the judgment of the American people upon the doctrines with which he was identified, as well as upon his personal candidacy. It may be true that Mr. Bryan still commands the support of the great majority of those who cast their vote for him in 1900, but it is practically certain that it is impossible for him or his principles to receive the support of a majority of the people of the United States, either in congress or in the electoral college, and so long as the Democratic party is controlled by Mr. Bryan, and its platforms written by himself and his friends, it has not the slightest hope of success.

It is these facts that have led to a movement for Democratic reorganization, and naturally enough, those Democrats who have been opposed to Mr. Bryan, some of them even to the extent of a temporary desertion from the party ranks, have taken the lead in the movement. Unfortunately, however, for the party welfare Mr. Cleveland and his friends have a record of failure and of popular disapproval that is only slightly surpassed by that of the Bryanites. The popular memory is a short one, but the impression made upon it by the Cleveland hard times of 1893 to 1896 was deep enough to be lasting, and for every accusation or sneer that may be thrown against Mr. Bryan, a counterpart may easily be found ready for service against Mr. Cleveland.

Whatever may be said against Mr. Bryan and his principles, it is the firm belief of the great majority of Americans that he is honest and sincere in his beliefs, and that he really would rather do and profess what he believes to be right, rather than to win success by a sacrifice of his political convictions. It is this sincerity of Mr. Bryan and this devotion to his principles that gives the strength to his present position. He probably realizes that he has no hope of political preferment in a reorganized Democracy, but that does not affect the truth of his proposition, that the Democracy cannot be turned over to the control of the Cleveland and Hill men without a sacrifice of its political principles and a repudiation of its recent attitude.

If it was certain that Mr. Bryan would be able to command the support of a large minority of Democrats, the prospects for Democratic reorganization would be much more unfavorable than they now are. But if the sources of Mr. Bryan's support in 1900 are analyzed, it is evident that there are only a few voters upon whom he can depend in his present position. Certainly the southern Democrats are not devoted to his person or to his particular principles. Tammany in New York and the similar organizations in other cities merely adopted Bryanism as a temporary cloak or banner. Only in a few of the western states is there any real and sincere devotion to the principles of Bryanism, and even in those it is a question as to what strength Mr. Bryan will be able to command in a crisis.

The best chance of success for the Democratic party would be to find some new question of paramount importance to the American people upon which it could appeal to them for their support under leaders not directly identified with any of the dead issues of the past. Unfortunately such an issue does not exist. If the Republican party should place itself in the wrong upon one of the newer questions the Democrats would have an opportunity. The attempt is being made to use the trust question, and the question of "imperialism" in this way, but so far the Republican party appears to have a better record upon both of these matters than the Democrats, and there is no opportunity for them to appeal to the voters to drop old differences and unite in saving the country from the trusts or from the imperialists.

From this analysis of the political situation, it would appear that the Democrats have no prospect of getting a majority in the coming congressional elections, and this is admitted generally by the Democrats themselves. It would also appear that unless the Democrats succeed in reorganizing the party, and in finding new issues and leaders generally acceptable, they have not even the beginning of a good campaign for 1904.

Intending camping parties should remember that the Colorado state law provides that no one shall be allowed to camp, either for business or pleasure, in any forest district outside of the county in which they legally reside, without first taking out a permit to do so. A number of persons have recently been put to serious inconvenience through a failure to comply with the provisions of this law.

Some of the English comments on the American policy in the Philippines are quite amusing. The logic of them appears to run this way: The British policy must be right. The American policy differs from that of the British. Therefore the American policy must be wrong, and predestined to failure. All of which is logical but not necessarily conclusive.

The war department has very properly issued an order prohibiting the shipment of animals and snakes from the Philippines to Hawaii and the United States. Very dangerous pests have been introduced to new countries in this way in the past, and there should be no opportunity for anything of the kind in our dealings with the Philippines.

The report that General Wood may be put at the head of the Panama canal commission is a pleasing one. General Wood has earned his title to a place among the "doers of things," and if he is put in charge of the Panama or via Nicaragua, it is very probable that the canal will be built.

OPEN LETTER.

Colorado Springs, July 18, 1902.

To the Editor of the Gazette.

Doubtless the first political sun to be fired in the state of Colorado will be Dr. Frank Tyrrell's address on the "Australasian Tax Amendment" in Perkins hall next Saturday night.

While the proposed amendment has no partisan relationships, several futile attempts on false grounds have been made to secure its repeal or annulment.

Friends and supporters of the amendment, ask only that its opponents do not misrepresent—that they carefully inform themselves of its conditions and provisions—that they meet the arguments in its favor fairly and honestly, feeling assured that where reason exists right will prevail.

Dr. Tyrrell is a public speaker well worth hearing. He can present the amendment in a clear and forcible manner. Whoever favors, whoever opposes, whoever "knows nothing about it," should hear Dr. Tyrrell.

Crops and Prosperity.

(Kansas City Journal.)

Mr. Hanna says the Republican party is responsible for the prosperity of the country. We presume that Mr. Hanna bases his opinion upon the fact that the Republicans are running the weather bureau. The latter institution is supplying the weather and the weather is making big crops.—Washington Post.

The presumption is wrong. Mr. Hanna bases his opinion on a much better understanding of the facts than the writer of the above paragraph seems to have. Mr. Hanna is well aware that big crops do not make the country prosperous when the government is in the control of a party of unsound principles and unwise policies. Crops were not short in the hard times years of Cleveland and low tariff. The chief cause of Populism in Kansas and other agricultural states was the fact that times were distressingly hard, notwithstanding that crops were bountiful. The greatest corn crop Kansas ever raised was in one of these dark years; the yield was enormous, and the market price was 10 cents a bushel. Farmers used the grain as fuel, and joined the Populist party by the thousands.

In those years the mills and factories of the country were closed—shut down by the Wilson bill. Men were tramping about the country by the hundreds of thousands, vainly hunting employment. The home market was paralyzed and the farmers had no sale for their products. It was only when a Republican president was elected on a protection and sound money platform that prosperity began to return. The first thing President McKinley did was to convene congress in special session to replace the disastrous low tariff law with one which would protect home industry and revive business. It was the good work of a Republican president and congress that rescued the country from depression and distress, not an increase in the size of the crops. Last year was one of the best years farmers and the country ever had, and last year was not up to the average in a crop year.

These facts are particularly worth rehearsing just now for the reason that the Democratic party, following the advice of Mr. Cleveland, is proposing to again place the country under low tariff. The campaign slogan is to be "Tariff Reform!"—Just as it was when Cleveland was re-elected and the conditions were produced which sunk the American people lower in the scale of human misery than they ever were before in time of peace, and lower, it is hoped, than they ever will be again.
